BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO. III, VII):

TOPIC/SUBJECT OF THE ACTIVITY	Image of the Year 2018 – A Theme Based Photography Contest
OBJECTIVES	The Department of Biochemistry focuses on holistic education of our students. Infact our strength lies in teaching outside the classroom wherein students can freely explore their thoughts and learn science in a fun way. Capturing meaningful moments through photography is an innovative way to facilitate creative expression in students that would allow them to connect with their thoughts and express them in a unique way.
METHODOLOGY	Image of the Year Contest is a theme-based photography contest wherein students submit their original photos alongwith a small description or caption on the given theme. The best picture is selected through online voting of the department via google forms.
OUTCOMES	"Image of the Year 2018" was initiated for the first time in 2018. The theme for the competition is " Expressions ". 28 photographs which have been submitted by the students of our department were circulated through a google form and the students and faculty were asked to select top three choices. 69 responses were obtained and the winner photograph was selected as the one received the highest number of votes. Top four pictures were printed in annual departmental magazine, "Expressions 2018".
