### BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO. I, II, V, VII):

TOPIC/SUBJECT OF THE ACTIVITY	Annual Departmental Magazine "Expressions 2020"
OBJECTIVES	Every year a magazine is published by the Department where the students are given the freedom to traverse their scientific inquisitiveness and literary fantasies. The objective is to give students a platform to express, explore and experience the joy of learning science.
METHODOLOGY	The Editorial Board led by the editor in chief - Sumeru Panta comprised of 12 students who worked under the mentorship of Dr. Anju Kaicker and Dr. Shalini Sen. The announcement for the articles were made in late October and by the end of January, an overwhelming response was received from the students. Students, not only from the Biochemistry department but also from the PG diploma in molecular and biochemical technology, contributed not only articles but also other contents for the magazine.
OUTCOMES	After much brainstorming, the theme for the magazine was decided and all students were asked to explore the concept and application of Autophagy. Two important reasons backed up the decision of having this theme; it's importance in clearing cellular debris and it's emergence in recent scientific research as a underlying basis for many diseases. The whole aim of this exercise was to promote research based thinking and scientific enquiry amongst the students.

	The magazine was completed and was released by Dr Anand Swaroop, NIH, USA and Prof. Yogendra Singh, Zoology Department, University of Delhi on March 3, 2020.
