### BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO):

TOPIC/SUBJECT OF THE ACTIVITY	Alumni webinar on "Innovation to impact: Bridging the gap between science and industry"
OBJECTIVES	The Department of Biochemistry focuses on holistic education of our students. One of the main purposes of alumni talk is to support a network of former graduates who will, in turn, help to raise the profile of the college.
METHODOLOGY	Online meeting through Zoom Online Platform
OUTCOMES	One of the many takeaways from the session was the importance of exposing students in early stages to the industrial sector and how things actually work in that environment. Innovations are futile unless they are applied for the welfare of common people and how the urgency of bridging the gap between science and industry is real. It was an enriching talk that inspired students and gave them an insight into how things work in the real world. The talk also provided mentoring, internships and career opportunities to students. It motivated our students to venture into the world of innovations and entrepreneurship.
