Summary Report:

For all those who like a good clash, War of Economies is the perfect match. Participants had to take part in multiple battles to win the eventually win the war. The game was filled with twists and turns as some teams joined hands while other teams stabbed their alliances in the back to move ahead. Teams were assigned with countries and had to invest their resources in the most efficient and effective manner. However, investing was not the only job at hand as they also had to make attempts to poach the resources of other countries and defend their own resources as well. It was nothing short of a war as the players went through several rounds of close encounters. The event was held on 6th February 2020 at 12:30 PM in the seminar hall of the college.
