ACTIVITY REPORT

WEBINAR/ SPEAKER SESSION

Mr. Sovan Panda specializes in Executive Leadership Coaching and Mentoring, focusing on business strategy, product leadership, strategic partnerships, and alliances. He speaks on various forums inspiring and coaching senior corporate leaders, entrepreneurs, and business owners. He is an accomplished Delivery Head and Program Manager with a track-record of bringing domain and business lead solutions with high team effectiveness and team satisfaction, meeting deliverables in-line with operational targets, and ensuring enhanced revenue generation. He has a career spanning 20+ years with a global lead in consulting, technology, outsourcing, and next-generation services.

The webinar was held on the topic "Valuation of a Company". We deliberately thought on a multitude of topics, but company valuation seemed of prime importance. Mr. Sovan Panda shed light on important concepts such as how to understand company valuation, how to actually perform it, and the ways to do the same. We had a look at some business valuation methods that provide insight into a company's financial standing, including book value, discounted cash flow analysis, market capitalization, enterprise value, earnings, and the present value of a growing perpetuity formula.

This was followed by Q and A round at the end wherein students asked intriguing questions to the speakers relevant to the theme of the webinar. Finally, it culminated with a vote of thanks from Team Blue Chip.

GAME OF FUNDS

The event held was a Mockstock on the topic "Game of Thrones". The participants had to put their knowledge of the show to gain profits in the Mockstock. The objective was to analytical skills using a GOT based investing stimulation. The event tested the wits and logical reasoning of the participants by making them analyse the rumours

There were 2 rounds of the Mockstock itself. The participants were given 7-8 rumours in each round, related to the show. The profits and losses of the participants were carried forward to the second round. The winning teams were-

The event was held on the topic DC Auction. It was devised so as to make the participants budget the money allotted to them and buy the weapons and articles associated with DC comics, using their analytical skills to figure out the items with the greatest valuation. The event was held in two rounds- the Preliminary Round (Prelims) and the Final Round (Auction), held on 15th March 2022 and 16th March 2022 respectively. The Preliminary round consisted of a quiz made up of 40 questions: 5 short answer questions and 35 multiple-choice questions. A total of 35 people participated in the Prelims out of which the top 8 teams were selected for the Final Round.

The winner of the quiz was Lucky Wamankar.
