Criterion II	Teaching Learning & Evaluation	Criterion VI	Governance
Criterion III	Research, Innovations & Extension	Criterion VII	Institutional Values & Best Practices
Criterion IV	Learning Resources and Infrastructure		

Report

The Department of Commerce organized a Webinar on Investment Banking on 5 September 2020 from 11 a.m - 12 p.m. by Ms. Yukti Rajpal, Analyst, Nomura Investment Banking. The event was hosted on Google Meet and attended by 101 students and teachers of the Department of Commerce. The event began with Mr. Aashish Jain, Convener, Alumni Committee introducing the session to the audience. Then Dr. Mamta Arora, Teacher in charge proposed the welcome note. After which Dr. S. Venkata Kumar, Acting Principal, Sri Venkateswara College, gave the opening remarks. Ms Yukti explained to the students about a career in Investment Banking in a very coherent manner and gave a lucid presentation. She highlighted some of the myths associated with the profession and also talked about the skills required and job profiles. After her presentation Dr. Arpita Kaul, Member, Alumni Committee, moderated the question and answer session. The students got answers to their varied queries. At the end a video was played by Yukti which highlighted the students teacher relationship. Then Mr. Ajit Singh, Member, Alumni Committee proposed the vote of thanks.

We the teacher of the Department of Commerce, Sri Venkateswara College are proud to churn out such successful students and what better day than Teacher' Day to host such an event where a student who was taught by us could share her knowledge and experience with our current students. This was an event to ensure practical- industry exposure to our students. We hope to host many such events in the future too.

REC Yukti Rajpal is presenting

Myth or reality

- Most math in investment banking is very simple. It's about concepts and logic more than mathematics
- Concepts like IRR, mean, median, financial modeling
- Banks will almost never use differential equations or trigonometry
- However, basic level of numeracy is essential

You need good math to succeed at an investment banking job

- It is as much qualitative as quantitative
- It's about good communication, pitching ideas well, reading quickly and writing well
