## **Activity Report**

An expert talk series was initiated by the Association to invite experts from various specializations of Economics to share their expertise in those fields.

The Economics Association held its first Expert Talk on 7<sup>th</sup> October 2016. We were privileged to have Dr. S.K. Sasikumar, Senior Fellow of the VV Giri National Labour Institute, as our first speaker in this engaging series. The session started with the lighting of the lamp, an auspicious tradition observed at the start of every Association event. This was followed by a brief introduction of our keynote speaker by our faculty advisor, Dr. Brahma Reddy.

Dr. S.K. Sasikumar began this interactive session on “Meeting the Employment Challenge’ with a few fundamental concepts about the different types of labour involvement in India. With his opening remarks and charismatic style of speaking, he captivated the audience’s attention. He covered many topics like labour migration, labour market analysis, globalization and labour, and skill and development. He showed us relevant data and figures from the paper he had recently presented at the BRICS Summit. This data was a hot topic of discussion in the Q&A segment, as many students were surprised to see the results from recent surveys on issues like “Unemployed Youth in India”. There was a healthy debate between the speaker and some of our faculty members with questions being thrown by both sides. This helped the audience gauge the topic at hand effortlessly and brought out the ‘Economic Planner’ in many students.

Dr. Sasikumar presented his innovative ideas with a great sense of humour, which enabled the audience to connect to him instantly. He answered the questions of his curious listeners with alacrity, enabling them to get a closer look into the system through his tremendous knowledge about the subject. On a question about solving the problem of “brain drain”, he enlightened the audience about South Korea’s brilliant ‘Happy Return Programme’, which could prove to be an unconventional solution to this issue.

The session ended with our Principal, Dr. Hemalatha Reddy presenting a token of appreciation to our esteemed speaker. Dr. Sasikumar’s immense experience solving real life problems at the global level inspired the students and helped them delve into the field of ‘Employment’ and its various challenges. His way of combining substance with a witty style of oration certainly left an indelible mark on his audience.
