3 Event Report

The Economics Association, Sri Venkateswara College organised a workshop on "Basics of Excel". The session was held on 12th February, 2022 via MS Teams, and was attended by students from Sri

Venkateswara College as well as other institutions across the country. Our guest speaker for the day was Chinmay Amte, a financial analyst based out of Mumbai who has been working on Excel for the past 3 years. He is currently pursuing CFA charter and completed his undergraduation from Mumbai University. He is currently working for a Private Equity Role, M&G.

Our speaker, Chinmay Amte started off the workshop by introducing himself. He elaborated on the need for excel and stated 2 reasons broadly. Excel is mainly used for Data Visualisation and Data Analysis. He then shared his journey with excel stating that it should be taken as a challenge and not be pressured. Basic topics of excel, some keyboard shortcuts were taught very efficiently. Good resources to learn excel were also prescribed.

Approach-based case studies and insightful discussions on excel were the focal points of this workshop. He delved deep into the concepts of fixing the range, stock history function, count if function, length function, find and replace dialogue box and acquainted us with the shortcut keys used in day-to-day operations.

Then following a structured process of brainstorming and informative exchange, the floor was opened to the students for QnA, where he acknowledged all the doubts and questions posted by the active participants via chats section citing tricks and hacks which gave better envision to traverse beyond the scope of basic excel providing a concise yet scrupulous analysis of the cases. To develop the insights and get a stronghold on Excel, he suggested participants make a group and solve each other's questions and gave a few topics to research and practice like relative reference and absolute reference.

A word of gratitude was then offered by the Association, as it was an honour to host such an illume workshop where participants had huge takeaways from Mr. Chinmay Amte. With the emergence of advanced Excel knowledge, participants await more workshops that invite learners and educators alike.
