A webinar was conducted by economics association of Sri Venkateswara college university of Delhi on 11th October 2021 on the topic of union budget formulation and implementation.

The speaker was Shri KS Samarendra nath , he is a former director ministry of Steel and former joint director and faculty member at ISTM and DOPT.

He had discussed and talked about the commonly used budget terms, budget principles, and government financial machinery, the process of preparation of budget, important aspects of budget implementation and various demands for grants of a ministry.

He has also talked about why do we need a budget? We need a budget to manage the basic economic problem such as limited resources budget making helps the state to the best use of that limited resources in a very welfare manner. After that he has given a very wonderful definitions of budget what is the budget?

He has given various points for this question like budget is: a planning what you want with what you can afford.

Second decisions about plans and priorities of the ruling party

Third what to do and what not to do and

Forth how to get the best out of the resources available

After this he discussed the timeline of the budget preparation like when it takes place from preparation to final implementation has discussed all these things. There are various budgeting principles such as the budget is prepared on cash basis: not on accrual basis, second rule of lapse: no deduction of unspent budget can be appropriated for meeting the demands in the next financial year, third realistic estimation: the finance ministry is interested in seeing that the department do not obtain more or less money than what they really need. Budget mostly done on gross basis: net basis of the budgeting is done in the case of few grants. Form of estimates to correspond to accounts: and estimates to be on departmental basis.

For the better understanding he has discussed various terms associated with budget like

- Government: ministry/ department
- organisations under a department
 - i) Constitutional body
 - ii) Attached office
 - iii) Central public sector enterprises
 - iv) Autonomous and statutory bodies
- secretary (chief accounting authority)
- secretary of line- minister or department

- financial advisor- integrated finance division

After the budgeting terms Sir has discussed about various types of Funds of government of India.

- Consolidated fund of India
- contingency fund of India and
- public accounts

In all these funds the consolidated funds of India are the major source for money for government of India. He discussed about the charged and voted budget, the charged budget means where salaries of various government official in being decided like for example chief justice of India, computer auditor general, UPSC chairman etc. whereas the voted budget is a budget wear heavy deliberation is being done in parliament and voting is conducted.

Capital and revenue expenditure was also discussed produces about the appropriation bill. Appropriation means the allotment of funds for various subjects. If we need any shortage in the allotment there we will go appropriation again he explains some terms associated with budget like appropriation bill and finance bill. Appropriation bill means the allotment bill and finance bill means the taxation, third the budget estimates and revised estimates actual expenditure and final requirement of funds.

There are six broad categories of expenditure

A. Centre's expenditure

- 1) Establishment expenditure of the centre
- 2) Central sector schemes
- 3) Other central expenditures including these on CPSEs and autonomous

B. Centrally sponsored schemes and other transfer

- 1) Centrally sponsored schemes
- 2) Finance commission transfer
- 3) Other transfer to the states National disaster relief fund)

after this there is demand for grants and detailed demand for grants for grants is a budget document and detailed demand for grant is a budget document of a particular ministries or department contain actual expenditure and its budget expenditure of current financial year and coming financial year, a detailed demand for grant are made and tabled in the parliament by the minister in charge whereas demand for grants is a compiled demands for each ministries and submitted by the finance minister in the parliament.

Supplementary demand for grants it is a kind of additional grants which can be granted to ministries if they really needs it. There are three types of supplementary demand for grants

Cash supplementary

Technical supplementary and

Token supplementary

and in the end he had talked about the financial machinery it means various organisations associated with budget preparation ministry of finance is accompanies the budget of India, department of economic affairs has the prime responsibility for budget preparation and it ensures the preparation of budget within the time limit ,department of expenditure gives various projects and schemes and only after knowing the schemes we can prepare budget, then there is a department of revenue who looks the various taxes collection CBDT and CBIT responsible for it. various meetings were held with different ministers where lots of high level discussion was done after this the discussion comes on the paper by printing the budget document and finally the budget presentation is done by finance minister in the parliament.

This webinar is very useful for us because we got to know many things related to budget formulation and implementation like how many ministries ministers government officials and other ministries are involved in the preparation of the budget of India.
