

TEACHER'S ACTIVITY REPORT 2016 - 2021

FACULTY: Science	DEPARTMENT/ COMMITTEE Environmental Sciences	IQAC ACTIVITY No: SVC/2019-20/EVS/AC/4	
NAME OF THE ACTIVITY:			
DATE	FACULTY	DEPARTMENT/COMMITTEE	COORDINATOR NAME
13 September 2019	Science	Environmental Sciences	Dr. Abhishek Chandra Dr. Robin Suyesh
TIME:	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
7:30-12:30	Asola Bhatti Wild Life sanctuary	80	Outdoor
SUPPORT/ASSISTANCE:	Environmental Sciences, Sri Venkateswara College		

BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO. - II,III and VII):

TOPIC/SUBJECT OF THE ACTIVITY	Field Trip to Asola Bhatti Wild Life sanctuary (All students of BSc (H) Physics and Biosciences First Semester: 2019-20 Batch)
OBJECTIVES	Avian Biodiversity and Awareness Trip
METHODOLOGY	Field Trip
OUTCOMES	<p>Students visited the Asola Bhatti Wildlife Sanctuary on the outskirts of Delhi an ideal birding site as part of their academic curriculum to understand and learn about avian diversity of Sultanpur National Park.</p> <p>They learn about bird identification, bird habitat preferences, bird vocalization and also threats faced by the birds.</p> <p>Some other local Biodiversity was also observed and identified.</p> <p>Detailed benefits below</p>

PROOFS & DOCUMENTS ATTACHED (Tick mark the proofs attached):

Notice & Letters	Student list of participation	Activity report	Photos	Feedback form
Feedback analysis	News clip with details	Certificate	Any other	

IQAC Document No:	Criterion No:	Metric No:
Departmental file no	IQAC file No;	

NAME OF TEACHER & SIGNATURE	NAME OF HEAD/ COMMITTEE INCHARGE & SIGNATURE	IQAC COORDINATOR (SEAL & SIGNATURE)

--	--	--

For Reference

Criterion I	Curricular Aspects (planning & Implementation)	Criterion V	Student Support & Progression
Criterion II	Teaching Learning & Evaluation	Criterion VI	Governance
Criterion III	Research, Innovations & Extension	Criterion VII	Institutional Values & Best Practices
Criterion IV	Learning Resources and Infrastructure		

Benefits for Students:

Traditional field trips are an important teaching tool. Field trips are the viable method of extending the traditional classroom environment to outdoors. We tested some of the biological and ecological theories discussed in class by introducing appropriate field research methods to students like acoustic identification.

Field experiences enhanced synthesis of information, cognitive reasoning ability, self-confidence, self-efficacy, and research collaboration skill among students. Being an important member of a research team, with significant contribution, elevated students' self-confidence and self-efficacy. Some of major benefits of this field trip include observing a natural setting first-hand, making learning more interesting and enjoyable, providing opportunities for students to gain field research experiences, learning through active participation (hands-on experience), and exploring practical or pressing biological and ecological issues onsite.

Students observed and appreciated the following naturally-occurring phenomena: The diversity and complexity of local and regional ecosystems, interaction among living organisms, interaction between organisms and their immediate environments, various stages of ecological succession, how individual organisms and populations respond to environmental stress, how communities respond to various types and intensities of disturbance, as well as why certain species can tolerate or recover from severe disturbance substantially more than others.

Through the principles and applications of ecology, biogeography, and conservation biology, students also witnessed why plant and animal species are distributed the way they are and learned why certain species should be protected by law as endangered and threatened species.

The students conducted field surveys both during the day and night as many animal (like amphibians) are nocturnal

Field Trip to Asola Bhatti Wild Life sanctuary

Faculty Members

1. Dr. Abhishek Chandra
2. Dr. Robin Suyesh

List of Students:

All students of BSc (H) Physics and Biosciences First Semester: 2018-19 Batch
