REPORT

Visit to O.P Jindal Global University on 2nd November, 2023.

This visit was an interesting experience for the students. The day started with the campus tour where visiting students were shown various infrastructural features of the university, a visit was also provided to the libraries that housed one of the rare collections in different academic and non-academic fields. The campus, in itself, is designed in such a manner which makes it one of the perfect examples of an urban infrastructure that fuses the elements of greenery with other modern facilities.

After the lunch, a session was conducted for the students where they were introduced to the educational opportunities provided by the Jindal Global University. Professors from the School of Psychology, Law and International Relations then had an interactive session with the students. Dr. Sandeep P. Sahani from the Jindal school of Psychology elaborated on the wide scope of the discipline and how with each passing day it is becoming important. Prof. Thapar discussed the relevancy of International Relations in this dynamic world which is way more connected and surrounded with challenges. He, sharing his experience as a diplomat and as a professor, presented an image of a classroom which should be the space of discussion. Similarly Prof. Bottega and Dr. Sen discussed their experiences, and threw some light on how the school of IR functions.

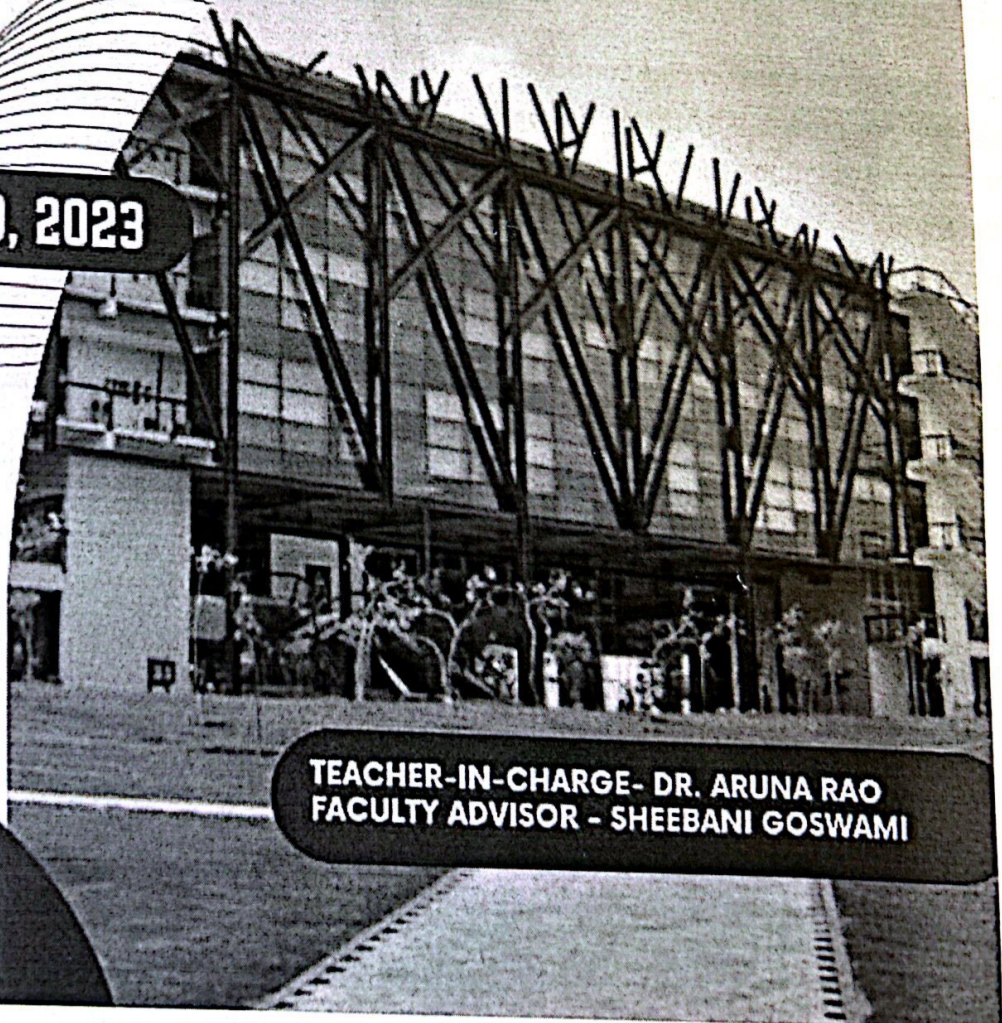

It was a wonderful experience in itself.

Additionally, Professor Thapar's guidance on international relations and diplomacy, coupled with his patient responses to our inquiries, left a lasting impression on me.</p> <p>It was truly impressive to discover how they provide their students with world-class exposure and equip them with the resilience to confront challenges without succumbing to fear of their intensity.</p>	Nope

History, Third Year	0621021	<p>Firstly, I would like to extend my appreciation to the Department of Economics, History and Political Science of Sri Venkateswara College for providing us an opportunity for this informative tour and open house discussion to the OP Jindal University. I would also like to thank and appreciate the work of each and every organizing member for perfectly organizing this tour and managing all the activities so efficiently.</p> <p>The campus tour and the open house discussion was done so nicely. I was, specifically, fascinated by the technologically enriched libraries, classrooms and, of course, laboratories especially for programs of Psychology. Additionally, the university also provides a holistic teaching and learning environment to students with a diverse range of interdisciplinary programs and acting as a platform where students from diverse background come for their studies. Besides this, with the help of various MoUs, it also provide students with the facility of pursuing dual degrees that too in foreign countries.</p> <p>We, young budding minds, had a wonderful experience visiting the OP Jindal University. I would like to really appreciate the work of the University in providing students with a diverse range of Programs and facilities.</p> <p>Looking forward for more such sessions and events so that we as students can expand our horizon and can learn about various opportunities and facilities available around us.</p>	Nope
