OBJECTIVES	To solve the real life problems by using differential equation. Differential equations make the problem much easier to solve and understand.
METHODOLOGY	Registration for SCUDEM IV challenge started on the SIMIODE website from 1 September 2019 to 25 October 2019. There were two teams of 4 members each from the College. Three modelling scenarios involving differential equations were posted at the SIMIODE website on 1 November 2019. The scenarios were designed so that every team may experience success in modelling, building their skills and confidence in differential equations. Each team prepared a draft Executive Summary and 10 minute Presentation in a week's time and presented their summary on 09 November 2019.
