

DEPARTMENT OF PHYSICS

SRI VENKATESWARA COLLEGE

UNIVERSITY OF DELHI

PRESENTS

SINGULARITY 2016

SINGULARITY:

The spirit of the department essentially lays in the conviction that science drives the world and therefore indisputably is one of the most crucial subjects in the present world order.

SINGULARITY is thus an endeavor to promote the true spirit of the subject through a plethora of brain stimulating activities and competitions, which attract the best of students from across the nation. It serves as a platform to students by providing space for mental activity ranging from the expected to the eccentric.

The Physics Association of Sri Venkateswara College, since the beginning, has always been involved in a host of activities and events that provide encouragement to students and give them a platform to explore their interests and ideas in various scientific fields.

Every year, the department sees eminent academicians from renowned institutes giving talks and presentations about their research for the expansion of the horizons of the students. We have also organized various workshops like “The Physics of Sun and Stars”, “Workshop on the Virtual Observatory” (organized in association with IUCAA, Pune) in the past.

In addition, we also had the honor of hosting the ‘6th Dynamics Day’ that involved a series of lectures on Non-Linear Dynamics.

The previous academic year, SINGULARITY took the form of a lecture series, and **eminent physicists from Delhi University and IIT Delhi talked about** their research work, recent developments and opportunities in the world of physics.

An array of other fun filled activities was also organized. Students presented their innovative ideas and the research work they were involved in by presenting their papers. The audience grilled them with questions and it turned out to be a highly enlightening experience.

The fun quotient of the event was at an all-time high as the AD/MAD brought in a lot of laughs and the treasure hunt sent the crowd scoting for clues.

The gaming freaks had the time of their lives battling against one another in Counter Strike and Age of Empires. A quiz brain stormed the audience and was a huge success.

The success of the fest last year took its level to an all new high and this year we plan to bring SINGULARITY back with a boom!!!

ABOUT THE EVENT:

Keeping with the tradition of SINGULARITY, this year as well we intend to organize a numerous mind boggling yet fun filled activities which are sure to be good crowd pullers.

The highlights of the fest are:

Lecture by eminent professor. The lecture would provide the students an in-depth insight into the vast field of cosmology.

Treasure Hunt: To make the fest a fun filled experience for all, coupled with mind-boggling puzzles, the fest will also comprise a treasure hunt. The event will attract students from various departments.

Group Discussion: This event attempts to provide the students with an opportunity to present their views on current topics in science.

Quiz: The quiz will surely set the minds of participants racing. The categories include questions on physics as well as general topics.

Paper Presentation on any topic in science by students of all colleges under University of Delhi.

LEVELS	Level 1 (30,000 INR)	Level 2 (20,000 INR)	Level 3 (10,000 INR)	Level 4 (7,000 INR)
BENEFITS				
On-site Event Benefits:				
• Name of sponsor on banners	✓	✓	✓	✓
• Size of Logo on – #Flex, 6 × 4 feet. #Posters, on A3.	15 × 15 cm 3 x 3 cm	✓	✓	✓
• Putting up sponsor’s banner or poster in the campus.	✓	✓	✓	✓
• Seminar Session (max. time – 40 mins)	✓	10 min session	✗	✓
• Putting up standard sized canopy/stalls in college premises.	✓	✓	✓	✗
• Advertisement in the Annual Physics Journal	2 Page Colored	1 Page Black/white	½ Page	✗
• Database of the students	✓	✗	✗	✗
Pre-event and On-site Media Benefits:				
• Regular mention of sponsor between events .	✓	✓		

<ul style="list-style-type: none">• Mention of Sponsor in media covers of the event.	✓	✗		
---	---	---	--	--

SPONSORSHIP'S OPTIONS:

*Rates putting up of stalls/canopies are subject to the space provided in the college premises.
