From the Principal's Desk,

I would like to congratulate the Physics Department of our college for successfully bringing out this edition of Quintessence. Year by year, the efforts of the staff and students have taken the department and the college forward in terms of excellence. The Physics society "PRINCIPIA", and the Physics Department has shown its enthusiasm by organizing various events. The practical knowledge that the students have gained by seeing the application of Science, has really encouraged them to seek answers for many queries.

I am glad that students have put together their ideas, and compiled them to bring out this magazine.

Best wishes, and all the best!

Dr. P. Hemalatha Reddy
