In March 2021, a popular personality took to Instagram to start a mock movement. Many interpreted this as a call for social liberation of caucasian men, allowing them to act and dress in ways that make them feel most comfortable. After posting a video in which he launched the idea, many mocked the idea, arguing that such men are not in need of liberation.

As usual, this gave birth to a flurry of memes mocking the movement, particularly where people theorised what this movement would actually look like, using reference pictures from popular culture.

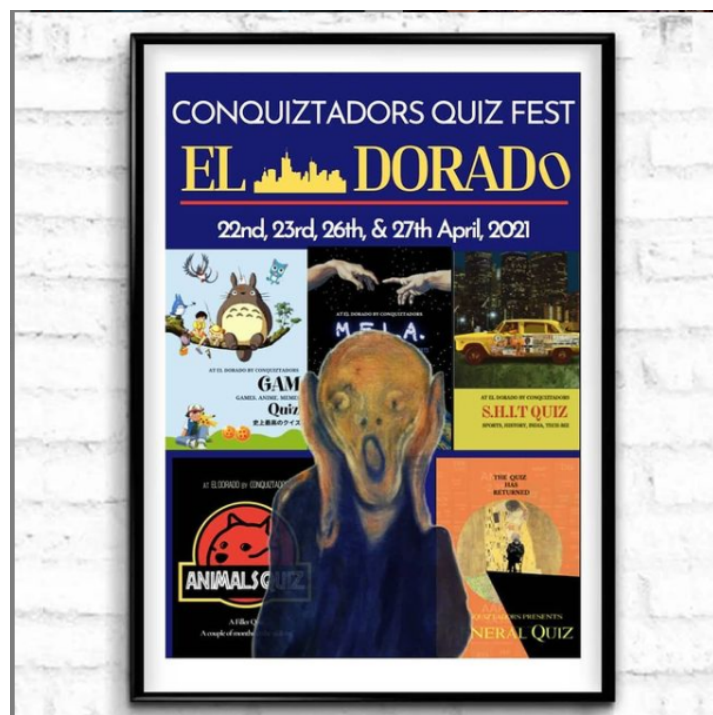

ID the meme/name of the movement.
