Sports Events:

Boys Table Tennis Tournament

Along with studies, it's always nice to have a bit of sport and competition in our hostel Life. The annual table tennis tournament held is just a friendly gathering of table tennis enthusiasts to promote diversity of cultures, provide an atmosphere for social interaction and the fun sport of table tennis.

20 of our most capable table tennis players made their entry into the tournament and all people fought for their place in it. After a ton of exciting matches, the finals was above our heads.. The event lasted a while due to disturbances but was successfully conducted within a week time. The players also showed true sportsmanship, maintained disciplines and provided a feast to our eyes through their plays.

Balaji Champions League

LaLiga...wait...The Balaji Champions League was always a game full of enthusiasm, excitement, emotions and aggression. But there was one thing that never changes, people coming late for their match. It was the idea of the seniors to change the name of the tournament to The Balaji Champions League. Everything was worth the efforts, since it made the gaming very exciting.

39 players gave their name, prompted actually, for the tournament and we came up with 4 teams with and their respective captains. During the matches, we saw aggression, excitement, fun, injuries, teamwork and even a yellow card for the first time. And after a table-turning match, the finals were done with. The event was very successful and lasted for a week. And like every sports event, we ended up in the mess eating biryani with everyone.

Gully Cricket League

Friendly gully cricket matches of our hostel turn into fierce rivals when teams from our hostel compete in the Gully Cricket League (GCL) of our hostel. The Gully Cricket League is divided into two parts: GCL I and GCL II. Players from both the boy's and the girl's hostel come together in this tournament. You might think that it's a light-hearted competition for recreation, but such expectations are defied from day one of the league. Bantering, close calls of the umpires and intense strategy building adds spice to our tournament.

With new rules and regulations, this year sports committee tried to make the tournament even more exciting. With pre-decided scorers and umpires, we tried to run the tournament on time and also ensuring fair competition. This resulted in an overwhelming response, particularly from our female players which resulted in an increased number of teams. Something which had never happened before. We started the tournament with 60 players divided into 6 teams and after 2 weeks of cut-throat competition, we had our winners. Also not to forget the audience from the hostel balconies who made it a point to cheer well. Overall the tournament was a success.

Hostel Cricket League

Ecstasy, frustration, commitment, dejection and many more emotions come forth when our players enter into the big ground for Hostel cricket league. This tournament which is usually conducted after GCL is the ultimate battle to settle all the rivalries between our players and showcase their cricketing talents in the big park. With big boundaries and a proper pitch, HCL is one of the most awaited tournaments of our hostel.

This academic year we began the tournament with 3 teams and their respective captains. Throughout the tournament, players showed immense commitment to take their respective teams through the finals. With the hard work and commitment of the committee members, we successfully conducted the high voltage tournament of our hostel.

Apart from the cultural and sports activities, a hostel trip is organized every year. This year we also had a defense training session for girls.

Defense Training Session

An hour long session of defense training was conducted by a nationwide youth community called the Network capital. The session was carried out by policewomen from the Special Police Unit for Women and Children. They demonstrated basic self-defense tactics, provided information about relevant helpline numbers and apps. The session was attended by majority of the girl's hostel who were content with the session and looking forward to such more sessions. Some of them were even willing to volunteer for their group. Overall the event was a success and was of much help to us.

Hostel Trip

Hostel Trip 2019-20 was a successful adventure for the hostellers, as we visited one of the most beautiful places on earth : Manali,Himachal Pradesh. It was not only a delight to watch the sun setting in the valleys but also provided a peaceful time for introspection and helped everyone to relax and connect with their true self.

The people who have never experienced living in the mountains were admiring the beauty of it and also praising the challenging lifestyle of the people of Himachal as they rise and shine everyday amidst many facilities that were hardly available to them.

The trip included a bus journey with 4 teachers and a professional Travel Advisor accompanying us on the trip.And the itinerary contains one of the finest selections.

Students visited the famous Hidimba Devi Temple, Jogini Waterfalls, Old Town Manali, A Buddisht Monastery, Mall Road and Kullu and the epitome among them all Solang Valley.They also participated in adventure sports like River Rafting, Tube Slide, Paragliding and Skiing.Every event was planned carefully and well executed with the efforts of our teachers and students.The only complaint students had was that they couldn't spend more time and had to return back.

Overall the Hostel Trip had an enlightening and peaceful experience for the students and teachers as it helped them in calming themselves by allowing them to spend more time with nature and detaching them from the urban stressful environment.
