Dear Charu, Urmi,

Hope all is well at your respective ends. As well as it can get!

We have to set papers for the following two courses:

1. B.A. (Hons.) CBCS Semester [Sem IV; UPC: 12301402]
2. B.A. (Hons.) Semester [Sem IV; UPC: 230401]

As per the university guidelines, we need to set three question papers per course.

As decided in the extended COC meeting (21.05.2020), students will be asked to answer any three out of six questions.

We need thirty six questions in total.

Let each of us come up with 10 new questions (preferably not from the earlier question papers) by the coming Sunday afternoon.

Let me know if you have more workable ideas.

Regards,
Anjali

DU colleges to start cert courses for smaller fees to enhance skills

Food Processing, Legal Literacy, Forensic Science Among Topics Covered

Shradha.Chettri
@timesgroup.com

New Delhi: From food technology to legal literacy and proficiency in science writing, many Delhi University colleges are starting various interesting certificate courses. The aim is to give added skills to students for a small fee.

The chemistry department at Sri Venkateswara College has launched a certificate course in food science and technology. This three-month course will be from August 14 to November 9 and classes will be held on Saturday and Sunday. Sanjay Batta, head of the department, said, "Food technology is a sought-after and useful course internationally. Such professionals are required in the food processing, beverages and packaged food industries and wine companies."

The course is open for students of the science stream and

DU ASPIRANTS' QUERIES ANSWERED

Delhi University's open day for this year's admissions on Monday had several queries related to sports and the ECA quota. These are some of the questions raised by students:

How many categories can students apply under sports and ECA quota?

■ In both cases, students can apply in three categories

How many certificates will students have to upload?

■ For ECA, five certificates are required and four are needed for sports. But in both cases, the best three certificates will be evaluated

Can the certificates be uploaded altogether?

■ Aspirants must upload each certificate individually. It should be scanned clearly so that there is no trouble in judging it

Is golf considered under the sports quota in DU?

■ DU considers 27 sports, which are all part of the Olympic games. All sports cannot be considered because of a limited number of seats, cultural and facility factors

Can a futsal national certificate be used to apply for football under the sports category?

■ Futsal and football are different sports so the certificate cannot be used

Will exchange programmes be considered under the ECA quota and marks awarded?

■ There are some marks allotted for exchange programs undertaken

If someone has taken sustained training, will marks be allotted for that?

■ Four extra marks are allotted for aspirants who have undergone sustained training for more than four years

e-certificates would be provided on completion of the course. Daulat Ram College is

starting an add-on course on "Legal Literacy, Awareness and Aid" in collabora-

tion with Delhi State Legal Services Authority. "The aim is to educate learners from

different disciplines and backgrounds, specifically from the non-law field, about the theoretical and practical aspects of the legal framework," said Savita Roy, the college principal.

The certificate course will be in the online mode in academic year 2021-22 and in the next academic session the diploma course will be in offline mode. The minimum eligibility is senior secondary pass. The registration process will be from August 10 to September 10.

Hansraj College is already running a course on introduction to forensic science for which classes are being held on weekends. The college has also started a course on proficiency in science writing and communication. The objective of this course is to equip students with skills required for report creation and discrete writing on topics related to science, medicine and technology.
