Some of the thoughts and suggestions on the feedback form:

More Field Visits, Industry tours, Internships and partnerships with companies and organizations, Guest lectures, Projects based on application of the theory learnt in the class and then maybe some group discussions on them. Connecting students with experienced alumni and professionals in the field.

Teacher should also focus on teaching in Hindi - English instead of only English.

Open up reading room or Library till 8 and also on Saturdays to facilitate more learning time beside classes.

Good teacher who teaches well and define well.

Teachers are really supportive. All in all a great experience.

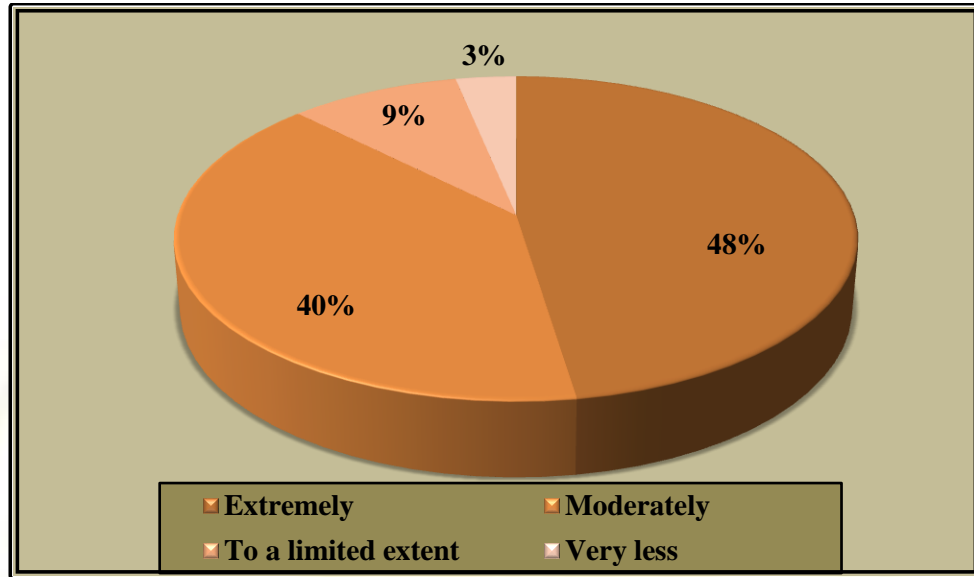

Learning space was cohesive and motivating.

More educational trip and Field works aligned with course to understand the topic can be planned.

Some suggestions and comments

We appreciate your active support, and the drive went very well with the systematic approach, no suggestions.

One of the best Placement Cells in Delhi University.

Well managed process and I truly appreciate the efforts put in by Navya Agarwal from the placement team. It was a pleasure working with her and I wish her and rest of the students all the best!

The candidates must prepare well in advance about the Job role and about the company. The candidates must join, as number of participants were less than actual applied ones.
The coordinator was cooperative.

Would be great to have a pool of intern candidates who are willingly to work in a startup environment and devote 40hrs/ week.
