Overall good, but have to ensure more open environment in terms of communication by implementing cooperative steps to reduce the communication barriers among staff and students. Rest, Venky is best in exploring oneself at fullest.

It has been a great learning experience at Sri Venkateswara College

Amazing college and environment is really nice and friendly.

I think Economics department is very supportive and knowledgeable. It will be great if we can inculcate several other internship programs for the students in different fields like SRI-VIPRA. This will help students gain exposure with respect to various fields and will help them take a better career decision.

My experience at Sri Venkateswara was really enthralling. The college has been a major contributor in my overall personality development.

This college has brought the best in me I was more bold and more confident with my thoughts and actions.
