ACTIVITY REPORT 2016 - 2021

FACULTY: SPORTS DEPARTMENT: PHYSICAL EDUCATION IQAC ACTIVITY No: SVC/PE/2021/1/Yoga

NAME OF THE ACTIVITY: Workshop on International Yoga Day 2021			
DATE	FACULTY	DEPARTMENT	COORDINATOR NAME
21-6-2021	SPORTS	PHYSICAL EDUCATION	Dr. Kameshwar Sharma YVR
TIME	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
10:00 AM	ONLINE (Zoom)	140	Indoor (online)
SUPPORT/ASSISTANCE:	NA		

BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO. - SVC/PE/2021/1/Yoga):

TOPIC/SUBJECT OF THE ACTIVITY	Workshop on International Yoga Day 2021
OBJECTIVES	<p>Yoga is known to have both physical as well as mental benefits. It improves posture, enhances functioning of all the body systems, along with enhancing muscle strength, coordination and flexibility.</p> <p>Yoga affects emotions and helps in calming down the mind, gives mental clarity and a better self-understanding. Yoga is highly recommended for people in competitive, stressful working environments.</p> <p>In today's scenario, practising yoga on a regular basis becomes all the more crucial not just for evading the number of diseases the pandemic has surfaced but also as a tool for self healing and to avoid stress and anxiety, given the conditions which fail to give a peace of mind to the general public. Thus the objectives of the activity were to encourage the audience to perform yoga regularly in order to have a calm mind and getting/maintaining their body into shape.</p>
METHODOLOGY	<p>The theme for International Yoga Day 2021, by the United Nations, was "Yoga for well-being". In accordance with the theme, a workshop was organised for faculty and students to practice and learn about yoga-asanas at home. A poster was designed and released for registration for the workshop and an overwhelming response was received. The session was conducted with active participation from all the registrants and smooth guidance from speakers.</p>
OUTCOMES	<p>This webinar on Yoga had created an immense impact on the audience. It emphasizes the importance and the benefits of Yoga if one practices it in daily life.</p> <p>The International Yoga day on 21st June ,2021 was celebrated with the two eminent yoga instructors Dr. Ravi Kumar Shastri, Assistant Professor, Department of Yoga Science, Central University of Haryana, Haryana and Dr. Jasbir Shastri Yogacharya. Assistant Professor, Department of Yoga Science, Shri Kalla Ji Vedic University.</p> <p>Ravi Kumar Shastri gave insights into the do's and don'ts in Yoga and its relation to the health of an individual.</p> <p>Dr. Jasbir Yogacharya told about various 'Asanas' and 'Pranayama' techniques that can be followed to overcome stress, anxiety, high and low blood pressure,</p>

PRINCIPAL
 Sri Venkateswara College
 Dhaura Kuan, New Delhi-110021

	etc. The audience had put down different questions in front of the instructors. Everyone enjoyed the webinar and learnt new and great facts related to Yoga.

Activity 65

About Internship

to engage youth across the country and develop their skill and orientation for sanitation related work and village level development.

Swachh Bharat Summer Internship Course
Duration : 100 Hours
(between 1st May to 31st July 2018)

Following the Prime Minister's clarion call on 2nd October 2014 for each individual to devote at least 100 hours to Swachhata through the year, the Ministry of Human Resource Development in association with the Ministry of Drinking Water and Sanitation has launched the 'Swachh Bharat Summer Internship - 100 Hours of Swachhata'.

The program aims to:

- Develop skill and orientation of youth for sanitation related work
- Bring youth across the country an opportunity to make a significant contribution to the swachhata revolution
- Integrate youth in the community service in rural areas in the run up to the 150th birth anniversary of Mahatma Gandhi

Key Activity of the Internship

At least 100 hour of Swachhata related activities in rural areas

Duration:

100 hours (between 1st May to 31st July 2018)

Eligibility

Students enrolled in Colleges/ Universities (referred to as 'parent institution') may apply through the enrolment form.

Candidates are eligible to choose between the State of Residence and State of Parent Institution as the location of internship (village/district)

Candidates may participate individually or in teams.

The location and team size (maximum limit of 10 members) may be decided in consultation with Nodal Officers.

College cleaning

The father of the nation Mahatma Gandhi had said that "Sanitation is more important than independence" so walking down his footsteps we began our cleanliness drive on 2nd August'18. Our entire team under the guidance of our respected principal mam took an oath that we'll whole heartedly work for "cleanliness and sanitation". Since that day we have been working enthusiastically for a change.

As Change begins right from home, so we also started our journey from cleaning our college campus first.

2nd August-library and arts block were cleaned that too in college hours to give away the message to our fellowmates that they are not supposed to litter here and there.

3rd August-front lawns and science block were aimed and all laboratories along with classrooms were cleaned.

4th August-rock Garden, canteen and area near it were made litter free.

The message of cleanliness is passed to each one of our fellowmates, teaching and non teaching staff as we are working on the ground zero level and setting up an example to others, it's ripple effect being there has been decline in the wastes thrown here and there.

"Clean and green Venky"

HOSPITAL VISIT

12th August 2018

SVC NSS TEAM @ CHARAK PAIKA HOSPITAL

Yesterday, our college NSS team went to CP hospital at 11:00am to promote cleanliness awareness among the patients, hospital staff and the common people. NSS team were there at 11:00am to 12:00pm. Within one hour our team had communicated to lots of people and spread all the basic and vital information regarding cleanliness. There were lots of house wives and female care taker and patients who share their views and experiences regarding cleanliness. We suggested to them "Prevention is better than cure" and if we care few little bit things than it will be very helpful for a clean and healthy environment for everybody. Things that we need to do in rainy seasons are don't throw garbage here and there always throw it in the dustbin, always wear full armed and full pant shirt or clothes, do not allow water to collected in the pit, put the kerosene once in the cooler once a week or fortnight ...etc. The aim was to achieve a clean and healthy environment for all the countryman...overall all the people were serious and sincere to communicate about cleanliness and we did our best to promote awareness among the people.

SATYA NIKETAN VISIT

ALL ABOUT 13/08/18

Satya Niketan, the prime location near the famous south campus colleges is the hotspot for all the students, outstation and otherwise. Students visit there for everything starting from a cup of tea to the most amazing delicacies.

But off late the place has been chaotic with construction work going on along with cleanliness problem which has subsequently led to water logging too.

We the students of SVC NSS, went to Satya Niketan, to interact about the same with the student residents and some other locals.

While most people talked about the problems that they face on daily basis, some talked about the solutions that they can implement on their own level to reduce the problem. Some local shopkeepers even said that there was no problem. We believe that the problem of garbage disposal and water logging has been around for so long that the residents have become immune to it.

It is time that we take an initiative and solve the problems that the locals and students are facing because we are the youth and the responsibility of today and tomorrow is on our shoulders.

Satya Niketan is the students' hub and it shall better look the same rather than turning into a hippie's hub. We hope we bring in some change.

SLUM VISIT

14 Aug 2018

The students of NSS- Sri Venkateswara College, New Delhi visited the Pakiwaru Slums just next to the college campus on the afternoon of 14 August 2018. The students talked to people of various age groups, enquiring about various sanitation problems that they face on a daily basis. On being asked about how efficiently the government plays its part in maintaining cleanliness, they seemed satisfied with the work of the municipality. Most adults were of the opinion that until each person

8/20/2018

Per day report of Swachhta Pakhwara - macramkishore.yadav@gmail.com - Gmail

of the community doesn't contribute to the cleanliness and give up their callous behaviour, the government alone can't bring about a positive change. The students also sensitised the people about why maintaining personal as well as community hygiene is important through a series of charts and concluded by listing a number of ways that would help them achieve a cleaner living environment. It was only under the able and efficient guidance of Dr RK Yadav and Dr V Ramaraj that it appeared to all the students that a positive contribution was made and such programmes would be beneficial in the future.

"Clean and green Venky"

10th August 2018

The NSS wing of Sri Venkateswara College, University of Delhi that, with an attempt to jump out of the bandwagon, has been an ardent believer of 'change with continuity' and discarding the conventional idea of red letter days for action oriented goals that social service is often associated with. The newly college society- turned- NSS- wing had its first tryst with change in the form of the PM initiated 'Swachhh Bharat Abhiyan' framework that comprised of keeping under check the cleanliness within and outside their college premise; spreading awareness among the members from the community right adjacent to the college and going to public places for carrying out similar activities.

In the sweltering Delhi heat of 10th August, when almost everyone was in a haste to retire from the day's work, a bunch of 20 college students battling the heat, were heading towards the National Railway Museum in South Delhi. All armed with plastic hand- gloves, posters that screamed of the duties as a citizen and garbage bags that were later brimming with the sins of our asleep conscience, the students divided themselves into groups of 4 and spread in all directions. Usually, we find public spaces such as these to be highly maintained and supposedly clean. The scenario, however, was in stark contrast to the expectations with plastic bottles, aluminium foils, cartons and wrappers comprising of most of the garbage that these spaces manufacture. Beginning with the area in front of the Indoor Gallery to the nooks and corners of all the model trains that were stationed there, they collected garbage of all types from the tracts, dumping them in the bins, refilling and continuing with the process until they were interrupted by the incessant rainfall. In compensation to the work, the students got dispersed in the vast area of the museum as the rain subsided and began interacting with the visitors and the passers-by regarding cleanliness and what they understood of their roles.

The entire excursion/ fieldwork ended on a light note with the manager Gulab Singh of the museum.

All in all, this was a great experience for the students and a two-way growth factor, wherein, both sides ended up learning quite something from one another. With that we hope to grow this association expanding our network in near future as well!

WORLD CLEANUP DAY
15 September 2018

On 15th September, NSS-SVC, along with students of Sri Venkateswara college participated in the World Cleanup Day which is the world's biggest civic movement that includes over 150 countries. Various colleges of Delhi and independent NGO's held hand in hand.

Event location was Kudasiya ghat, Monestary market near Kashmiri gate, Old Delhi. The event started by Registrations and distributions of Gloves and Face masks along with Tshirts and caps by AIESEC members. We all gathered around for a group picture and picked up our plastic bags and went near the ghat to start with the cleaning session.

Plastic bottles, wrappers, glass all the non biodegradable items were picked up. After waste collection, all the bags were kept at a specific place. We were provided with drinks to regain our energy and to keep going with our work.

We interacted with people present there. We told them the reason why we all are here picking up trash and even made them aware about the environmental crisis we all are facing due to the dirty, filthy and unclean surroundings. Few members of our team even interacted with few ladies dropping flowers and diyas in the river.

Finishing up with the work, we washed our hands and collected our certificates. With the huge success of the event the only motto we must preach is it's not just the matter of one day, Each day is a cleanup day.

NUKKAD NATAK- 24TH September

NSS of Sri Venkateswara college organised a nukkad natak and flash mob at college and at the Satya Square(Satya Niketan).The theme for the nukkad natak was 'Swachta hi seva'. We highlighted what swachta means to people and current situation in India, through dialogues and slogans. It all started with a flash mob where our NSS core team and more then 20 members performed. Just after the flash mob the team started nukkad natak. Response given by the people was very much satisfactory. We ended up with a group picture with the police officer and thanked everyone, especially the police officers for their help

SURVEY- 24th September

To celebrate NSS Day, 30 members of our team conducted survey in 0 groups in different areas of Delhi like RK Puram, Nanakpura, Vasant Gaon, Daryaganj etc. covering both urban and rural areas. They all had different topics related to cleanliness like Swacch Bharat, Solid Waste Management, River Pollution etc. This survey made us gather a lot of information and made us aware about the situations we didn't know were happening. We also created awareness regarding our topics. Also we made sure that paper was not wasted during the whole project and we used electronic methods and waste papers. It was a learning experience for all the members. The survey was to find the current situation of cleanliness in different parts of Delhi and we found out that we are lacking a lot in terms of cleanliness, despite of having dustbins people are not using it and people are aware about the harmful effects but still not one is ready to take any step. We need to bring the change, and it's our responsibility to be the change that we wish to see.

'Swachh Bharat Abhiyan-Oct 2018

A nation is proud when its youth is aware and dedicated. A similar proud moment was cited by the Department of Electronics of Sri Venkateswara college, Delhi University in association with NSS wing and Umeed NGO. They organised an activity to promote 'Swachh Bharat Abhiyan' which is an initiative by the honourable Prime Minister of India, Sri Narendra Modi .

On this occasion, various students and teachers of the college participated to promote 'plastic free campaign'. All participants took an oath to make the campus clean and plastic free. Not only the campus but also the area outside the college campus including the nearest metro station 'Durgabai Deshmukh South Campus' was cleaned. This activity was also dedicated to Mahatma Gandhi, the father of nation, in honour of his birth anniversary as a tribute to his contribution for the nation's freedom struggle.

The event started by some motivating and encouraging words of Dr P Hemlatha Reddy, Principal of Sri Venkateswara college towards making the campus plastic free. Dr. Nutan Joshi, HOD, Department of electronics and Dr. Ram Kishore, HOD, NSS addressed the students regarding the importance of cleanliness and sanitation. All the students took active participation and were guided by student coordinators Manish Joshi and Neeraj Nainwal. They were divided in groups with each group given specific areas to clean. The drive was an overall success with the aim of promoting awareness of cleanliness among students.

AYUDH: A Fight Against Drug Menace –Oct 2018

AYUDH- an international youth movement initiative taken up by Mata Amritanandamayi Devi, lovingly known as 'amma' and renowned for giving away larger than life hugs; the "hugging- saint", in collaboration with other international organizations has come up with ways to tackle menaces that affect the youth worldwide by incorporating the stake holders themselves.

NSS-SVC organized a session with AYUDH on 8th of October with three representatives from the esteemed Amrita Vishva Vidyapeeth, Delhi. It was really amazing to see the diverse backgrounds that the volunteers ranged from- analysts, computer science engineers to a corporate worker in the fashion industry. The intensity of participation was clearly the indication of being able to do one's own bit.

The session commenced with a small prayer, followed by a highly interactive session including a bunch of games and ice-breaking activities that emphasized on the need for concentration and a calm and composed mind to be able to excel in today's era considering the pace at which modernity and competition are swaying away every individual leaving them with absolutely no time for themselves. In this context, the speakers also elaborated upon the fading importance of the Indian culture in present status quo and their added scientific value; for example, from the explanation behind applying sandalwood or 'chandan' between the brows and the need to sit straight to touching the feet of elders and the importance of hands as being pertinent to the transfer of energy. The importance of this energy came explicitly to be asserted as a characteristic of the youth and how this energy needs to be conserved by firstly, investing it in the right place.

Now the main contention with the notion of the "right place" ended with the youth's responsibility to tackle the menaces that they have been victims to, majorly. This rightly directed the entire session towards discussing about the major problem that we, as youth, face today- drug abuse.

Problems do not always manifest themselves through physicality with drug abuse being the epitome to it. From resorting to it the night right before exams

C. Shula Reddy
PRINCIPAL
Sri Venkateswara College
Dhaura Kuan, New Delhi-110021

in order to be able to stay awake, to facing an existential crisis in its absence due to addiction leading to loss of sense of the conscious world; the entire idea of individual choice falters as soon as we take into consideration the harms that it causes to our health- making our bodies squeeze and weak- and consequently, the society at large. It is important to start treating a menace as a menace and not just as a "normal" choice. Normalization of such menaces is synonymous to supporting them, thereby, leading to their aggravation. Hence, the need to identify such people at the earliest.

Moving on, talking about AYUDH's work on ground zero led to really inspiring revelations including them having adopted 110 villages in the remotest areas across India. Addressing other issues such as gender disparity, sanitation and environmental causes, a couple of videos were presented that sent out the message for the need of awareness in present status quo before coming up with a solution.

The enlightening session, having disseminated cultural knowledge and awareness, concluded with the need of the hour boiling down to making the youth aware of their own problems in the very first place, before dipping their feet in other conflicting waters, since, the very need is to being human to one another and not a savior.

Activity 73

Swachhta Pakhwara

NSS SVC conducted swachhta Pakhwara from 1st August to 15th August and we are sharing the report for the same. We would like to thank the college authorities for the smooth conduction of the event.

NSS-SVC started Swachta Pakhwara on 1st August, 2019 with an aim to promote cleanliness in the college campus as well as in our adopted slum 'Sanjay Camp'. We started the initiative with the Oath ceremony in college along with all teaching and non teaching staff. We also completed our ceremony with kids from Sanjay Camp.

On 2nd August, 2019 NSS volunteers cleaned the classrooms and areas in and around Science block.

On 3rd August, 2019 NSS volunteers cleans library , laboratories and canteen.

On 5th August, 2019 Ground and Garden area in college campus was cleaned by volunteers.

On 6th August, 2019 Team NSS-SVC took the initiative to promote cleanliness drive at Sanjay camp(adopted slum), a slum near Chanakyapuri. The volunteers interacted with the people and children there in order to promote the Swachh Bharat Abhiyaan. Also, the volunteers promoted the noble cause by helping the families clean their houses and the main entrance areas.

The volunteers of NSS-SVC took the opportunity to visit the National Rail Museum on the 10th of August. Around 30 volunteers participated in this cleanliness drive to promote the idea of Swachhta Abhiyaan. The volunteers with the help and guidance of the staff and security of the National Rail Museum, cleaned all the necessary areas as directed by the staff with utmost attention and sensitivity. The experience was very enriching as we also got a chance to visit the museum and understand the glorifying Railway history of our country.

On 13th August volunteers of NSS-SVC visited to Charak Palika Hospital as a step towards Swachh Bharat,Sundar Bharat. We all felt obliged that we received an opportunity to meet the patients and hospital staff. We interacted with them regarding the hygiene and cleanliness maintenance in the hospital. The feedback was a very positive one and even the staff was very cooperative and they helped us to know the basics for instance, at what scale they maintain cleanliness and what all practices they follow to keep hospital fresh and about sanitation as well. We tried to cover most of the wards and meet as many patients as we could. Even we made people aware about personal and public hygiene at hospital and homes. In a nutshell it was a successful initiative and full of positivity.

On 14th August, 2019 Team NSS SVC conducted a rally in Satya to sensitize about cleaning and to create awareness in masses. Also, Students of Sri Venkateswara College and members of NSS-SVC took an initiative to promote the spirit of cleaning

PRINCIPAL

SWACHATHA HI SWACHATA

NSS SVC organised a cleanliness drive on 22nd October, 2019. We took into consideration some important areas of college premises for example lawns, foyer, rock garden, canteen, area around library. Post cleanliness drive, we organised a rally to make people aware of the importance of segregating the waste and to make their surroundings clean. The drive was a success and it went well.

"Live as if you were to die tomorrow,
Learn as if you were to live forever."
-Mahatma Gandhi

Learning is a never-ending path. A teacher within itself. A passion for perfection. Introducing our own belief of learning and imparting it to others, we present to you a handy NSS-SVC series on Empowerment -

VIKAS
Virtually Imparting Knowledge And Skills

We aim to introduce a new platform to bring in budding artists and masters of their fields to share their finesse and knowledge of skills with learners like us. An asset added, we would be providing expert-attested certificates to each of the attendees. Folks, we believe that everyone has to start from scratch and every achiever was once a beginner.
Do drop in early, learner! Seats are limited.
