### ① Microsoft Teams —

At the outset of the meeting, Convener (ICT) welcomed all the members to online meeting. He explained the features of Microsoft Teams platform to all the members. He expressed his gratitude to the Principal Sir and committee members for supporting ICT and in making the MS Teams online teaching learning platform successful. All the committee members appraised the efforts as well.

## ② ERP Solution & College Website

Convener, (ICT) explained the efforts & hardships put up by ICT along with Bussar Sir to bring the ERP solution to the college over the last one year. He also mentioned about the meeting with Professor Sanjeev Singh, Director, DUCC, South Campus in this regard. The Director enlightened us about the "SAMARTH" program, An MHRD initiative for ERP solution that is functional and has been provided to some central universities.

The Director suggested us not to go for private vendors as there is always a doubt of data integrity & security. But also advised to wait for SAMARTH program to be made available for colleges as well. As a result ICT decided to try for development of college website & student administration system in-house till the time "SAMARTH" program solution is not available to the college.

STA, Computer showed a demonstration template and explained his initiative to build a good dynamic college website to committee members as a part of in-house development. After explaining the website template, the ~~other~~ committee members were invited to provide their feedback & valuable suggestions to be incorporated in the website design.

### ③ AMC of UPS & AC in ICT

Committee ICT informed the committee about the expiration of AMC contract of UPS & AC of ICT.

Since the work of UPS AMC vendor was satisfactory the committee agreed to renew the comprehensive AMC contract of UPS to M/s Eo. Services, Electrical Power & IT Solutions 150 BBC Complex, Kilkari, New Delhi-14. On the other hand the work of AC vendor was not satisfactory, therefore the committee agreed to call for fresh quotations for the comprehensive AMC of ACs in ICT.

### ④ ICT Infrastructure in New Academics Block.

The committee members proposed a complete fiber layout for the internet / network connectivity in the new Academics block. A thorough discussion was done on the Cat-6 or fiber connectivity structure. The committee decided & asked ICT to do some more and thorough research on the complete fiber connectivity & share the same with them in over future communications.

⑤ Purchase of new CCTV in old ICT labs.

Convenor ICT informed the committee that the CCTV system/camera installed in the ICT is outdated. The camera image capturing quality is poor and has also become blur.

Since the security of ICT is of utmost importance, it was decided that the good quality Ip camera with NVR recorder must be purchased in order to replace the existing CCTV system.

Committee agreed to float the tender for the purchase & installation of new Ip camera & NVR recorder for ICT lab(s).

⑥ Inclusion of Mr. Narendra Bhardwaj as MTS Computer on contractual basis.

The committee recommended that Mr. Narendra Bhardwaj can be absorbed as MTS computer on contract basis as he has learnt the technical aspects in ICT over last one year and his technical abilities can be better utilized in ICT.

⑦ Budget & Expenditure report 2018-19, 2019-20 & 2020-21.

Convener, ICT presented the budget & ICT expenditure report to the committee members.

The committee approved the presented budget proposals & the expenditure.

At the end, the convener, ICT informed the committee members about the hike in the salary given to Mr. Kuldeep Singh, TA, computer.

The meeting ended with the vote of thanks.

## GENERAL REQUIREMENTS

100% cloud based application

User authentication

Access rights

Secured data

Data backup

Compatibility with Linux Environment

Compatible with Internet explorer, Google chrome, Firefox

Single Integrated system for various modules like Finance, Procurement, HRMS & Payroll etc.

System available as Apps to get access through mobile

Pay Per User or fixed payment per month model of pricing

Phase wise implementation of the solution

Availability of 24x7 Helpdesk

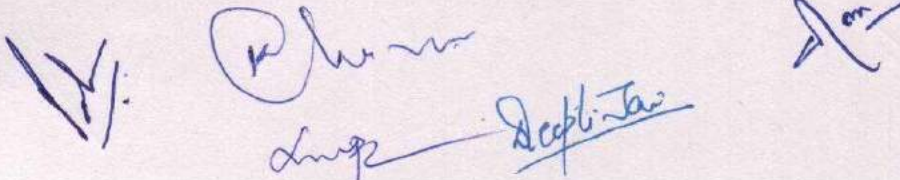

Uptime/availability of system to be  $\geq 98\%$  on a quarterly review

Be capable of supporting decentralized as well as centralized processing

Provide user oriented self-service capabilities

Capabilities of Learning Management System as a part of the package

Have a robust set of communication and reporting tools

The bottom of the page features several handwritten signatures and initials in blue ink. On the left, there are initials 'W.'. In the center, there is a signature that appears to be 'R. Sharma' with 'dnp' written below it. To the right of this, there is another signature that looks like 'Deepti Jain'. On the far right, there is a signature that appears to be 'A. Singh'.

### Import/Export Data

Upload data from all the existing local records held by SVC

Facilitate Import from/Interface with the third party applications in the institute and extract data in various formats.

Import and Export to the archived files.

Produce reports as per the required formats including NAAC, NIRF, AISHE, PFMS etc. on all areas of data that can be exported to MS Excel/PDF/.CSV.

### Target users

The proposed application must be able to support a spectrum of users, namely the following with a personalized access:

Administrative offices (centralized operations and backend support)

Departmental administration (distributed operations and support)

End-users (students, parents, faculty, and staff)

Management (informational and analytical)

### Archiving

The application should

Provide a Data Archival utility on a cloud model as a part of the standard offering.

Facilitate the query and reporting on archived data.

### Audit Trail

The application should

Record changes in data in every field with user ID and time stamp, with ability to record reasons in some cases.

Enable which fields or tables are to be audited through a delivered tool

### Access and authorization

Only authorized users should have access to the system. As such, the system should therefore have the ability for the specification of who will have access to which functions. Where appropriate, further discrimination at the data level (e.g. Respective departments may only have access/update to data related to their own departments) is required. In this regard, the capability to support multi-role differentiation based on a single user sign-on will be essential.

The proposed system(s) must support a comprehensive access and authorization mechanism, including

Single sign-on for all system components

Support for a central authentication scheme

Ability to define multiple level authority, comprehensive set of user roles and permission lists, and flexible segmentation of data

Ability to manage access to authorized functions based on the roles represented in the account

Ability to manage access to different segments of data depending on the role

Ability to assign ownership at departmental level.

Admin access.

### Single and minimal data entry

Data should be entered and validated at source only once and be used throughout the system(s). There should be provisions to facilitate and minimize data input (e.g. use of intelligent default values, inheritance from previous entries, etc.) facility to strictly avoid any duplication of data. Search/match facility required that can help restrict the entry of duplicate data by providing interactive alert messages.

### Organization Structure

The proposed product needs to be able to

W/

Dr. Anurag Deepbintar

Dr. Anurag

Model both our existing internal organizational structures, and be flexible enough in this regard to cope with future organizational changes.

Develop and maintain complex organizational structure of SVC including Faculty, Societies, Departments, Financial units, administrative units, staff and students and their inter relation links.

Maintain sophisticated organizational unit's functionality enabling user definition of terminology (e.g. Faculty; Departments, Centers, Units, Sections etc.).

Maintain locations within Organizational units.

### **Management Information**

To support resource allocation and decision-making at SVC it is mandatory that robust and user-friendly facilities be available with the system(s) using a web-based environment. Pre-packaged analytic functions that

Provide interactive dashboards for faculty, students, etc.,

Integrate well with source data,

Support easy reporting with export facility to desktop suites like EXCEL, WORD, Open Office etc.

### **Interfacing provisions / Interoperability with other key systems**

The proposed system should have the ability to:

Interface with external systems, either through import/export facilities.

Support for bar-coded, bio-metric, Internet Banking and/or smart card based inputs.

### **Customizability/Configurability**

To minimize the need/impact of customization/configuration, the proposed system should, wherever appropriate, support

Flexible customization/configuration capabilities

Ability to extend/change existing pages without much impact on the application

Ability to add/modify the existing workflows

## SUBMISSION OF EOI, TECHNICAL AND FINANCIAL BIDS

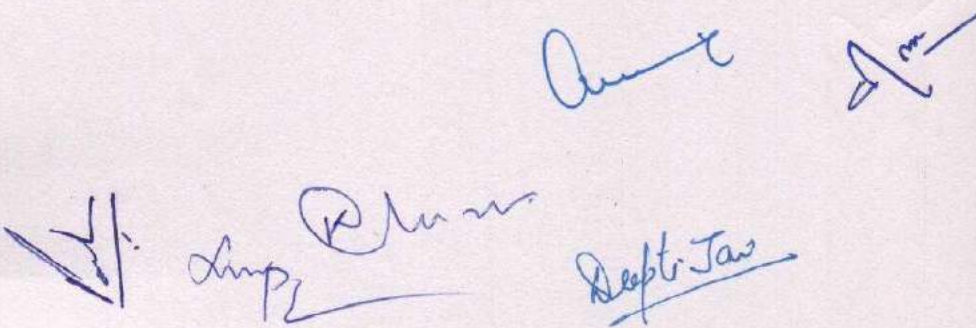

A statement indicating willingness to participate should be submitted to The Principal, Sri Venkateswara College, Delhi University, New Delhi-21.

1. The statement should include brief details of how the vendor meets pre-qualification requirements and also how the proposed solution meets the requirements mentioned in this document.
2. Documentary proofs for each of the item need to be submitted along-with the EOI. Bids without documentary proofs would be out rightly rejected and no further correspondence in any form would be made with the bidders in this regard.
3. Correspondence with the qualified and shortlisted bidders would be done through email only except mentioned otherwise. Primary contact number, fax number, email-id and name/designation of the contact person are required to be submitted along-with the EOI.
4. Participation by qualified and shortlisted bidders throughout the bidding process is compulsory and lack of interest or non-participation in any event mentioned in the calendar of events would be a sufficient reason to cancel the bid at any stage.
5. Technical and financial bids are to be submitted in separate envelopes.

Technical bid should include schedule for modular implementation. Financial bid should be submitted in the format as shown in Annexure I. Price quoted shall be valid for at least next three years. The monthly billing shall commence only after complete implementation and training as per agreed schedule of implementation.

## OTHER CONDITIONS

1. The registered users include only students, faculty, and administrators belonging to SVC. Limited access provided to parents, industry connects or representatives of Government / Government agencies for only viewing selective data shall not be counted as users for the payment purposes.
2. Above prices will remain constant for three years (36 months) from the submission of first monthly bill. Rates thereafter shall be negotiated during the last quarter of this contract.
3. All updates to the solution will be provided to SVC at free of cost over this three-year period. However, SVC reserves the right to terminate the contract by giving three months' notice. In case of termination, the party shall provide all data in Excel/PDF format to the Institute.
4. Cost of any new facility / module, not included in this contract but made available by the vendor at later date, shall be separately negotiated and finalized.
5. The payment towards AMC charges will be made quarterly.
6. In all matters of dispute relating to this Contract, the decision of the College shall be final and binding upon the agency. The Principal reserves the right to accept or reject any tender without assigning any reason thereof.
7. A technical person should be allotted for the training of the ERP software to all the users for the agreed time.
8. A penalty clause shall be a part of the final agreement/contract signed between the college and the successful bidder. The terms of the penalty clause shall be worked out at the time of the signing of the final contract.

The block contains five handwritten signatures in blue ink. One signature is at the top center, another is to its right, and three are arranged in a row at the bottom. The bottom-most signature is clearly legible as 'Deepti Jain'.
