SUPPORT/ASSISTANCE:	Collaboration with Department of Pulmonary Medicine and Sleep Disorders, AIIMS, New Delhi.		

BRIEF INFORMATION ABOUT THE ACTIVITY (**CRITERION NO. -**):

TOPIC/SUBJECT OF THE ACTIVITY	GREEN SCHOOL INITIATIVE
OBJECTIVES	Eco Club, Sri Venkateswara College well recognizes the relevance of addressing key environmental issues such as Pollution and its effects on human health. These issues are discussed and deliberated upon on several platforms and are an integral part of the various programs conducted under the aegis of Eco club. One such interesting program that is conducted throughout the year is the Green school Initiative in which society at large and school children in

	<p>particular are made aware and sensitized towards challenging environmental issues.</p> <p>The primary aim of the initiative is to create awareness among school children as their young minds are highly receptive, and they are the torch bearers of the future and unfortunately, also most vulnerable to the adverse impacts air pollution.</p>
METHODOLOGY	<p>School Children particularly, in the secondary stage i.e. class VI to X are the best targets for such sensitization programs as their mind is highly amenable and they grow into sensitive adults who are more responsible and empathetic towards the environment. As a part of this initiative, a team comprising faculty members and students from Sri Venkateswara College, and doctors from AIIMS conduct interactive sessions for school students. To encourage active participation from students, various competitions such as Eco-Quiz for classes VI-VIII and Just a Minute were organized.</p>
OUTCOMES	<p>Around 470 Students were sensitised in the sessions.</p> <p>Interactive session enabled the participants to discuss various topics pertaining to the coursework of Waste Management and Environmental Awareness.</p> <p>The participants asked various questions regarding their doubts and queries on diverse topics along with an interactive quiz conducted amongst students.</p>
