Report - Workshop and Plantation Drive with Thrive Together NGO

25th August, 2024

Enactus SVC hosted an impactful event on Sunday, August 25th, at Jhilmil Colony, focused on promoting environmental awareness and sustainable practices. With over 25 participants, the event combined education with hands-on activities, all dedicated to making a positive environmental impact.

We extend our sincere thanks to Principal sir Prof. Vajala Ravi and our convenors Dr. Arpita Kaul and Dr. Vinita Kapoor for their invaluable support in making this event possible. The event commenced at 10:00 A.M. and ran throughout the day, engaging participants with a variety of informative and interactive sessions. Here's a snapshot of the day's activities:

Informative Workshops: The day kicked off with workshops on humidity awareness and waste management, highlighting the importance of proper waste segregation and disposal. Participants learned practical tips for reducing waste and contributing to environmental sustainability.

Interactive Segregation and Disposal Activities: Engaging activities demonstrated correct waste segregation techniques, helping participants understand the impact of their actions on reducing environmental pollution.

Kulhad and Seed Paper Painting: Creativity flourished as participants decorated kulhads and seed paper, blending artistic expression with sustainability. The painted kulhads were later used in the plantation drive, while the seed paper was designed to be planted, promoting eco-friendly practices.

Plantation Drive in Painted Kulhads: Participants planted saplings in the beautifully painted kulhads, exemplifying the reuse of waste materials and fostering sustainable practices.

Throughout the event, participants were actively involved in discussions, games, and hands-on activities, which not only educated but also inspired them to adopt eco-friendly habits in their daily lives. The use of repurposed kulhads for planting and the seed paper initiative underscored the message of sustainability, turning waste into a resource.

In conclusion, the event at Jhilmil Colony was a meaningful blend of learning and community engagement, emphasizing the significance of small actions in creating a sustainable future. We thank all the participants for their enthusiasm and support, making the event a success and a memorable experience for everyone involved.
