## Concept Note - SVC MUN '23 2.0

With the world becoming a global village and issues of discrimination, socio-economic disparities, repressive political actions, transnational conflict, global commons, environmental degradation, human rights and liberties creating an increasingly challenging state of affairs for the whole of mankind, the principles of solidarity, cooperative action, constructive dialogue and negotiation offer the only hope for its leaders and policy-makers to lead the world towards a better direction.

**Model United Nations (MUN)** is an academic and competitive simulation of the United Nations Organisation (UNO) offering students and budding academics an opportunity to step into the role of diplomats and delegates, represent different countries which hold an important stake in a variety of international issues and not only learn more about these problems and the international system but also offer fresh perspectives and unique solutions to global problems which have manifested themselves in a variety of ways today.

In an international order which grows in complexity every day, with the role of the UN itself coming into question, events like MUNs offer young minds a platform to not only understand the current discourse and institutions but also refine them as they see fit for the future. Model United Nations provides an understanding of the United Nations and contemporary global issues through quality deliberations emphasising collaboration and cooperative conflict resolution while preparing participants for active global citizenship. Cooperative, hands-on, experiential learning allows students to interact with a range of themes from the position of their assigned countries or organizations.

Through these endeavours - during preparation and research, in committee sessions, and while engaging in hallway caucuses - delegates develop an appreciation for differing viewpoints, experience the challenges of conflictual ideologies, witness the rewards of cooperation, broaden their worldview, and discover the human side of international relations and diplomacy. MUNs offer students an excellent platform to network, develop an insightful understanding of international issues and geopolitics while fine-tuning their public speaking ability and soft skills.

Formed less than 5 years ago, the **Model United Nations and Global Affairs Society of Sri Venkateswara College** has quickly proven its merit and established a reputation for quality orators, competitive delegates and inclusive and excellent events in the Delhi MUN circuit. Now moving towards organising our biggest MUN conference ever, the MUN Society is proud to announce **SVC MUN '23 2.0**, the society's flagship event comprising of 5 different committees, dealing with diverse but equally critical agendas and issues of importance within international and domestic politics. As a part of the MUN conference scheduled to be held on October 14 and 15, 2023, we shall be simulating the following 5 committees:

**1. United Nations General Assembly Disarmament and International Security Committee (UNGA-DISEC)**

*Agenda: Discussing the Threat of Transnational Organised Crime (TOC) to International Security With Special Emphasis on Cyber Crime.*

**2. United Nations Commission on the Status Of Women (UNCSW)**

*Agenda: Furthering Reproductive Rights for Women in Light of Recent Developments*

**3. All India Political Parties Meet (AIPPM)**

*Agenda: Devising a National Response to Civil Conflict and Natural disasters in light of recent events in Manipur*
