BRIEF INFORMATION ABOUT THE ACTIVITY

TOPIC/SUBJECT OF THE ACTIVITY	Annual Fest of the Department of Electronics
OBJECTIVES	I. Seminar 1. To provide a platform for students to gain knowledge and insights on various scientific topics.

	<ol style="list-style-type: none"> 2. To foster a culture of learning and intellectual curiosity among students. 3. To promote interdisciplinary dialogue and collaboration. <p>II. Code Bashers- Hackathon</p> <ol style="list-style-type: none"> 1. To encourage a much-required hard skill such as coding. 2. To provide a platform for students to showcase their understanding and problem-solving ability. 3. To promote the integration of art and science. <p>III. Error 404 – Treasure Hunt</p> <ol style="list-style-type: none"> 1. To promote learning and critical thinking through a fun and entertaining activity. 2. To perform problem solving ability. 3. To encourage interaction and collaboration among the students. <p>VII. Fun Activity – MythBusters</p> <ol style="list-style-type: none"> 1. To provide a fun and interactive activity for students. 2. To promote engagement and participation among students. 3. To create a relaxed and enjoyable atmosphere during the event.
<p>METHODOLOGY</p>	<p>I. Seminar</p> <ol style="list-style-type: none"> 1. A successful and established entrepreneur in the field of science was invited as the guest speaker. 2. The invited speaker shared detailed insights about his field of expertise through the use of a presentation. 3. The presentation was followed by a Q&A session. <p>II. Code Bashers</p> <ol style="list-style-type: none"> 1. Problem Statement Presentation: Ten problem statements are provided to participants in PDF format. 2. Team Participation: Participants can compete individually or in teams of up to three members. 3. Coding Session: Participants solve the given problems within a specified time frame using their chosen programming languages. 4. Submission and Evaluation: Solutions are submitted within two hours and evaluated based on correctness, efficiency, readability, and creativity. 5. Debugging Questions: Participants may encounter debugging tasks alongside problem-solving. 6. Presentation of Solutions: Participants present their solutions, explaining their approaches, algorithms, and challenges faced. 7. Closing Ceremony: Winners are announced, and outstanding performances are recognized, with feedback provided to encourage learning <p>III. Error 404</p> <ol style="list-style-type: none"> 1. Round 1: 2. Participants were shown a QR Code that directed them to a Google Drive. 3. The Google Drive contained 1 unlocked PDF and 4 locked PDFs.

	<ol style="list-style-type: none"> 4. Participants were tasked with solving riddles within the PDFs to unlock subsequent PDFs within a fixed time of 1 hour. 5. Mobile phones and using ChatGPT were allowed for assistance. 6. Upon unlocking a PDF, participants had to send a screen recording showing the time to the organizers. 7. The top 5 teams with the most unlocked PDFs proceeded to round 2 <p>Round 2:</p> <ol style="list-style-type: none"> 1. The top 5 teams from Round 1 were briefed on the rules. 2. Teams were given an initial QR code leading to a PDF with a riddle indicating a location to visit and a task to perform there to obtain a secret code. 3. After completing the task, teams had to send a video of themselves performing the task to the organizers. 4. Teams continued this process until they arrived at the final location, where they had to unlock a mechanism using passwords derived from clues collected throughout the challenge. 5. The top 2 teams to unlock the mechanism would be declared the winners. <p>VII. Fun Activity – MythBusters</p> <ol style="list-style-type: none"> 1. A student who wants to participate would be given 5 statements 2. They would have to label them as myth or fact 3. The student who is able to label 4 out of 5 statements correctly wins and receives a chocolate

OUTCOMES	<p>I. Seminar</p> <ol style="list-style-type: none"> 1. Participants gained a deeper understanding of various scientific concepts and current research trends. 2. The seminar sparked interesting discussions and debates among the attendees. 3. The event allowed the students to interact and connect with leading academic professionals. <p>II. Code Bashers</p> <ol style="list-style-type: none"> 1. Enhanced Problem-Solving: Participants refine their ability to tackle varied programming challenges. 2. Proficiency Boost: Hands-on coding enhances understanding of programming concepts. 3. Team Collaboration: Effective teamwork and communication skills are developed. 4. Critical Thinking: Participants exercise critical thinking in devising efficient solutions. 5. Community Engagement: The hackathon fosters knowledge sharing and collaboration. <p>III. Error 404</p>
-----------------	--

1. Foster teamwork, problem-solving skills, and creativity
2. Challenge participants mentally and physically
3. Require critical thinking, effective communication, and collaborative work under pressure
4. - Integrate technology and real-world tasks for excitement and adventure
5. - Create a memorable and engaging experience for all involved

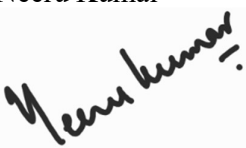

IV. Fun Activity – MythBusters

1. Creating an environment that encourages curiosity
2. Promotes interest towards different aspects of science.
3. The activity fostered a sense of camaraderie and enjoyment among students.

SUMMARY

General Summary of the Day

The "Amplifier" fest hosted by the Department of Electronics was a dynamic and vibrant affair, pulsating with the energy of students eager to showcase their prowess in various domains. From the intense coding challenges of Code Bashers to the intricate puzzle-solving of Error 404 and the light-hearted yet informative MythBusters activity, every corner of the event buzzed with excitement and intellectual stimulation.

Students enthusiastically participated, unleashing their creativity and problem-solving skills in the competitions and activities. The atmosphere crackled with the exchange of ideas, as participants engaged in friendly rivalries and collaborated to overcome challenges. It was not merely a display of individual talent but also a testament to the collective spirit and collaborative ethos fostered within the department.

Moreover, the event served as a platform for students to interact with faculty members, industry experts, and peers, fostering invaluable networking opportunities. Discussions sparked during the event ranged from technical intricacies to broader issues in the realm of electronics and technology, enriching everyone involved with new perspectives and insights.

As the day unfolded, it became evident that "Amplifier" was more than just a fest; it was a celebration of ingenuity, innovation, and the unyielding spirit of exploration. It left a lasting impression on both participants and visitors, inspiring them to delve deeper into the realms of electronics, coding, and reasoning. The event served as a beacon of inspiration, igniting the passion for knowledge, and encouraging students to pursue careers aligned with their interests and talents. In essence, "Amplifier" was a day where the brilliance of our students shone brightly, illuminating the path towards a future fuelled by technology and creativity. Also appreciated and encouraged the students and faculty for organizing and participating in the event and shared some of her own experiences from her college time.

Event-Wise Summary

I. Seminar

The seminar began with a warm welcome of the Invited Speaker Prof. Sandeep Sen, Teacher-in-Charge Dr. Neeru Kumar, and The Bursar Dr. Krishna Kumar. It was followed by the introduction of Prof. Sen as the Invited Speaker by Student Council President Manish.

The theme of seminar was 'Detecting Cancer using Machine Learning, to Bleeding Edge Research in Blockchain Technology and Quantum Cryptography'. The speaker went into detail about all the topics and how they are relevant in today's world. He shared his pioneering research and insights into the dynamic fields of machine learning, blockchain technology, and quantum cryptography.

He also informed the students about the various research and academic opportunities in the Computer Science field at Ashoka University and gave a detailed orientation about the various Programmes including faculty details, course, and fee structures.

The seminar ended with a Q&A session where the students discussed their doubts with the speaker. Overall, it was a success and saw huge participation from both students and teachers alike.

II. Code Bashers

The hackathon is structured to challenge participants with diverse programming problems presented in PDF format, allowing for individual or team participation. During the coding session, participants have a designated time frame to solve the given problems using their preferred programming languages, with emphasis on correctness, efficiency, readability, and creativity in their solutions. Additionally, participants may encounter debugging questions to test their ability to identify and correct errors in code snippets. Solutions are submitted within a two-hour window, followed by presentations where participants explain their approaches and algorithms used. The closing ceremony recognizes

outstanding performances and provides feedback to encourage further learning and improvement

Winners:

Position I: Shivangi - B.Sc. (P) Life Sciences

Position II: Garima - B.Sc. (Hons.) Mathematics

Organising Team:

- **Faculty Coordinator**

1. Dr. Rahul Verma
2. Dr. Hina Yadav

- **Student Volunteers:**

1. Ayush Kukreti: 1622001
2. Dev Aggarwal: 1622050
3. Mohit Bagadi: 1621025
4. Arjit Brahma: 1622004
5. Jayant Issar: 1623042
6. Aarav Majumdar: 1623041
7. Abhishek Kumar: 1622014
8. Aman Chaudhary: 1623015

III. Error 404

The competition involves two rounds of challenges where participants solve riddles, perform tasks, and gather clues to progress. The first round focuses on deciphering PDFs within a time limit, while the second round involves real-world tasks and location-based challenges. The final challenge is to unlock a mechanism using passwords derived from accumulated clues. The top two teams who successfully unlock the mechanism would win the competition.

Winners:

Position I: **Team - Victory Vipers** – Dev Aggarwal (B.Sc. Hons. Electronics 3rd year), Adarsh Maurya (B.Sc. Hons. Electronics 3rd Year), Devanshu Kala (B.Sc. Hons. Electronics 3rd Year)

Position II: **Team - Hawk eye** – Shruti Baranwal (B.Sc. Hons. Electronics 2nd year), Nikita Dhyani (B.Sc. Hons. Electronics 3rd Year), Cheshta Sharma (B.Sc. Hons. Electronics 3rd Year).

Organising Team:

- **Faculty Coordinator**

1. Prof. J. Lalita

2. Dr. K.T. Rao

- **Student Volunteers:**

1. Yash Nigam: 1622011
2. Himanshu: 1622036
3. Sanket Arora: 1622006
4. Mohit Bagadi: 1621025
5. Piyush Jha: 1623048
6. Deepika: 1623029
7. Rishabh: 1623008

VII. Fun Activity – MythBusters

MythBusters was an exciting activity for all the students who as kids could never get enough of fun facts written behind a new register or could go on and watch discovery channel for hours. The process was simple, all students were given 5 statements and they had to guess if they were a myth or a fact. If they could label 4 out of 5 statements correctly, they would get a chocolate. Many students participated and won.

Organising Team:

- **Faculty Coordinator**

Dr. Rakhi Narang

- **Student Volunteers:**

1. Dev Aggarwal: 1622050
2. Utkarsh Singh: 1622022
3. Sadbhavana Dixit: 1623007
4. Shipra: 1623053
5. Vartika: 1623020
6. Kartik Parashar 1622021

Conclusion

The "Amplifier" fest of the Department of Electronics was a resounding success, showcasing the immense talent and potential of our students in the fields of technology, reasoning, coding, and general aptitude. Through activities like Code Bashers, Error 404, and MythBusters, students not only demonstrated their skills but also engaged in collaborative learning and networking. The event not only celebrated the spirit of innovation and excellence but also inspired students to explore and pursue careers in these areas. It was a

day filled with excitement, learning, and camaraderie, leaving a lasting impact on all participants and visitors. The event truly amplified the brilliance and creativity of our students, making it a memorable celebration of knowledge and talent.
