**REPORT**

A field trip to the National Museum was conducted on 28<sup>th</sup> October 2023 for the students of BA (Prog.) History (Major & Minor) (Semester-I). The field trip was an essential part of the course to facilitate students' understanding of various themes taught in the course. The field trip was also undertaken as a part of experiential learning for students, where students were to experience multiple cultures of Ancient India while walking along the museum. The activity was also aimed at raising awareness among the students about India's rich and varied heritage and the importance of preserving it. As a part of their Continuous Assessment, the students were to choose an artefact of their choice (preferably from the section on Ancient India), click a geo-tagged photograph with the artefact and submit a write-up of the same. To enable the participation of students with special needs, they were given a sensory experience of selected artefacts, along with a narration on the physical attributes of it. A great

amount of time was spent in Harappan gallery, Maurya and Sunga gallery, Gandhara and Mathura School of Art gallery and Gupta gallery. The other galleries were also covered with the help of the national museum guide. The students were also shown a small documentary in the National Museum auditorium. The students had an enriching experience of the National Museum's galleries and were awe struck by their collection.
