Certification for Prof. Vartika Mathur

This is to certify that Prof. Vartika Mathur (born on 27 August 1979, in New Delhi, India) has worked as a scientist in the Department of Biochemistry at the Max Planck Institute for Chemical Ecology, Jena, Germany from 1 August 2023 to 30 September 2023.

Her visit in our department was highly satisfactory. She provided some valuable help in an ongoing project, and started a new collaborative project. In addition, it was a pleasure for me and my coworkers to engage in discussions with her about a variety of scientific themes.

Sincerely,

MAX - PLANCK - INSTITUT
