7.1.5: Green campus initiatives

Located in the heart of the city, Sri Venkateswara College is situated on the Aravalis mountain range and lies very close to the Delhi ridge. This has given a beautiful terrain to the campus which is further enhanced by plantation of hedges, trees and herbaceous plants. The greenery of the campus is not only a visual treat but also attracts several birds, butterflies and dragonflies, making the campus a biodiversity rich zone.

Restricted entry of automobiles: Outside vehicles are not allowed on campus and movement of vehicles is restricted. Vehicles of faculty members are parked in a designated parking area.

Pedestrian-friendly pathways: The campus has tiled and cemented pathways that are pedestrian friendly.

Pedestrian-friendly pathways and tactile paving for visually impaired indicate the ramp

Ban on the use of Plastics: the college has a zero-tolerance policy towards single-use plastic. Items such as polythene bags and straws are not used in the canteen. Usage of thermocol based cutlery is discouraged in college. The campus has signages placed at several places which mentions no plastic policy and promotes waste segregation.

Landscaping with trees and plants

Rock garden and Canteen Area

Library and Hotel area

Botanical garden

Maintenance of water body/tanks (Botanical garden)for insect and fish biodiversity

Vertical garden at administrative block :

Green Campus Initiatives

Digital flora of herbaceous species of SVC campus:

Carbon footprint calculation of students and staff of SVC campus: Individual carbon footprint of students and staff of SVC campus was calculated to create awareness and sensitize students towards global climate change.
