The Women Development Cell organizes events and sensitization programs throughout the year. Events are planned well in advance. It conducts seminars, panel discussions, workshops to highlight issues related to women safety and rights. Eminent panelists and experts are invited to the college to make the female faculty and students aware about their rights. Special sessions are conducted by legal experts to create awareness on issues such as abortion rights, marital rape etc. Special days such as Women's Day are celebrated in spirit. The WDC's community outreach programs take into account the pressing reality of gender discrimination, bias and unequal status of women in all walks of life and thus makes significant efforts to reach out to the community of women and girls outside the privileged environs of the college as well as addresses the problems of girls and other women workers within the college.
