REPORT

In this modern age, having healthy, nutritious and chemical free food has become a cause of concern especially among the youth. Spreading awareness about healthy eating becomes a challenge and overcoming such challenges with interactive sessions, online as well as offline, is the need of the hour.

One such initiative was undertaken by NSS-SVC under its Project Poshan. Poshan Week was held from September 11 to 14, 2024. It was a collective effort of all volunteers where we organized impactful activities to promote health and nutrition. We launched a social media campaign featuring infographics, healthy habits, and related quizzes, which significantly increased awareness about balanced diets. Our posts garnered high engagement, reaching a broader audience and encouraging discussions on healthy living. We also hosted an interactive board game session in the foyer, aimed at educating participants about nutrition in a fun and engaging manner. It saw high participation and enthusiasm from the student community. Lastly, we also hosted an essay writing competition on the topic "Nutritional Deficiencies in Zoo Animals: Causes, Consequences, Solutions" on September 13.

Overall, the event successfully raised awareness, engaged the community, and reinforced healthy habits. The feedback was positive, highlighting the effectiveness of combining digital outreach with interactive experiences. The event enhanced our NSS unit's visibility and demonstrated our commitment to community well-being.

 Date: 11/9/24

Reason: Our Board set-up activity aims to target large number of students. As maximum crowd in canteen area is between 11:00am to 2:00pm so we requests to allow us to set up board in canteen during that time on 12-09-24. Additionally we are organising an online essay writing competition on 13-09-24. So we requests to allow NSS for the conduction of these events.
 Thank You
