The Placement Cell, in an effort to fortify a fair and authentic Placement drive, took the initiative of CV Vetting for all Placement Opportunities for the Batch of 2022. The cell verifies all the details mentioned by students in their CVs and ensures that all the CVs that reach the companies are standardized and up to the mark.

In order to help the students in walking through the process, a "CV Vetting Guideline Document" was made which was to act as a guide for every stage throughout the process.

The rigorous process went on for a month before the placement drives started and was a very successful initiative which is why it was taken up for the Internship Fair too.
