## Report

The session began with the speaker introducing herself and the Get Unstuck Platform. To make the session engaging, a fun game was conducted to capture the students' interest. The speaker then delved into crucial skills sought by hiring managers and ways individuals can upskill and reskill themselves.

Next, the discussion shifted to Technical/Hard skills and Soft skills, their distinctions, and examples illustrating their roles. The speaker also revealed industry-specific key skills.

Furthermore, the participants had the chance to address their personal interview queries, receiving helpful guidance to resolve doubts. Skill mapping was explored, emphasizing how candidates should approach roles, assess their skills, and prepare accordingly for interviews.

The focus then turned to interview preparation, covering common questions and strategies to excel in personal interviews. Various types and categories of interview questions were elaborated upon.

The session concluded with a Q&A segment, giving students the opportunity to seek clarification on any lingering doubts they might have had.
