BRIEF INFORMATION ABOUT THE ACTIVITY

TOPIC/SUBJECT OF THE ACTIVITY	To facilitate a lecture to give insights on 'The implementation of the Fourth Year of UG Programme (NEP 2020)' and set up a helpdesk for clarification of doubts of the students regarding NEP.

OBJECTIVES	➤ To inform students about the specifics of the fourth year of the Undergraduate Programme under NEP 2020. ➤ To clarify student doubts and address concerns regarding the implementation of NEP 2020. ➤ To raise awareness and understanding of the National Education Policy (NEP) 2020 among the student body at SVC. ➤ To provide a direct channel of communication between students and the NEP SAARTHI Committee and UGC representatives. ➤ To empower students to make informed decisions about their academic pathways under the new NEP 2020 framework.
METHODOLOGY	For this event, the methodology likely involved a two-pronged approach. Firstly, a **lecture** format was used to deliver comprehensive information about the fourth year of the UG programme under NEP 2020 to a larger audience. This aimed to provide a foundational understanding of the key changes and their implications. Secondly, a dedicated **help desk/booth** was set up to offer personalized support. Staffed by UGC's NEP Ambassadors, this interactive space allowed students to directly engage with experts, ask specific questions, and receive tailored guidance to address their individual queries and concerns related to the new policy.
INVITED SPEAKERS WITH AFFLIATION DETAILS **(IF ANY)**	**Prof. Sharda Pasricha** **Department of Chemistry (SVC)**

OUTCOMES	➤ Increased student understanding of the fourth year of the UG Programme under NEP 2020. The lecture and help desk aimed to leave students with a clearer grasp of the new academic structure. ➤ Reduced student anxiety and confusion regarding the implementation of NEP 2020. By providing a platform for questions and clarifications, the event likely intended to ease student concerns. ➤ Improved student engagement with the changes brought about by NEP 2020. Informed students are more likely to participate in and adapt to the new educational framework actively. ➤ Enhanced communication between the college's NEP SAARTHI Committee and the student body. The event facilitated direct interaction and feedback, strengthening the connection between the organizers and the students.

3. Event Description and Pictures

The **NEP 2020 Booth/Help Desk event**, a significant component of the Sri Venkateswara College (SVC) festivity on April 17th, 2025, was meticulously organized to guide students through the nuances of the National Education Policy (NEP) 2020, particularly concerning the introduction of the fourth year to the Undergraduate Programme. Recognizing the potential for questions and the need for clarity surrounding this significant academic shift, the college's NEP SAARTHI Committee orchestrated a two-pronged approach. A dedicated lecture, held in the V. Krishnamurthy Block's Room No. 57 during the afternoon, served as a platform for a detailed exposition of the new academic framework. Here, students had the opportunity to gain a comprehensive understanding of the structural changes, curriculum modifications, and the overall rationale behind the fourth year addition.

Complementing the lecture, a readily accessible help desk operated throughout a larger part of the day. Situated within the bustling environment of the college fest, this booth was strategically manned by the UGC's own NEP Ambassadors assigned to SVC. These knowledgeable individuals were present to engage directly with students, providing a personalized avenue to address their individual questions, dispel any confusion, and alleviate concerns related to the implications of NEP 2020 on their academic journeys. This interactive setup fostered a comfortable space for open dialogue, allowing students to seek specific information relevant to their individual circumstances. Whatever queries that required further clarification were forwarded by the NEP Saarthis to the administration. The initiative, driven by the commitment of the NEP SAARTHI Committee, underscored the college's proactive stance in ensuring that its student body was well-informed and prepared for the evolving educational landscape, ultimately aiming for a seamless and positive transition into the restructured undergraduate programme.

NEP SAARTHIS CLARIFYING DOUBTS OF SVC STUDENTS

UGC-NEP SAARTHI COMMITTEE, SVC [UoD]

NEP SAARTHI COMMITTEE ORGANIZED A HELPDESK/ BOOTH AND A LECTURE IN THE COLLEGE CAMPUS, WHERE SEVERAL QUERIES REGARDING NEP 2020 WERE CLARIFIED. CERTAIN UNANSWERED OR AMBIGUOUS QUESTIONS ARE BEING FORWARDED TO ADMINISTRATION BY NEP SAARTHI COMMITTEE OF SVC.

QUERIES-

1] If there is an ER in 5th semester can a student pursue 4TH YEAR i.e. 7th semester. As the minimum requirement for pursuing 4th year is PASS in 3rd year.

2] The general query from programme courses concern that they have subjects from different departments, if they plan to pursue 4th year the research burden on the parent departments will increase as these department also have their hons. Student. So how the human resource issue will be dealt with, especially in the 4th year.

3] The query concerns that a programme student when completes 4 year graduation gets a hons. Degree, whether in this case the 4th year will have research [dissertation] element. If yes, will it be reflected in the degree issued by the university.

4] Query is concerned with doc no. CNC-11/093/1/EC-1273/25/ dated 13.02.2025 [University of Delhi], What is the difference between level 6.5 [1 year PG after 4 year graduation] and level 7 [a 2 year PG post 4 year graduation].

Will this difference in levels create any difference in future between a candidate with level 6.5 and level 7 having post graduation degree done.

5] How are dissertations different from academic projects in 4th year. As 4th year is being organised in the college premises, will students get opportunity to explore and do research work with higher equipment offering in university labs. How many students will be assigned under a faculty member to conduct research.

6] Can a student opt for more GEs./ DSEs. in 7th and 8th semesters to ensure that they get a minor degree in a concerned discipline if in case student doesn't have required credits from GEs/ DSEs of previous semesters.

8] B.Com. hons. And prog. students study 3 DSC every semester and it's a single discipline course with no minor and major in B.Com. prog. Therefore on completing 4th year will both hons. and prog. students be given hons. with research degree ? Also is the hons. degree of 3 years and 4 year programme turned hons. degree of equal value?

These questions are forwarded on 21st April 2025.

So in life sciences, (Batch size - 130+). More than 50% students are going to take 4th year. So in case of dissertation. There will be so many students under one prof. (Moreover, Majority of students are taking their major in zoology. So how they will manage to cater students, including 100 (hons) students. Also, since the lab facilities are not upto the mark, ~~so~~ we cannot do external dissertation as well. How will 4th year we'll fix this.
