REPORT

Youth India Foundation, Sri Venkateswara College, successfully organized an **AI Skill-Building Workshop Series** on 4th April 2026, aimed at equipping participants with practical knowledge and hands-on experience in emerging AI tools and applications. The series comprised multiple sessions conducted in both offline and online modes, covering diverse areas such as prompt engineering, research and content creation, multimodal AI systems, data analytics, and AI-assisted software development. Through interactive demonstrations and real-time exercises, participants were introduced to industry-relevant tools and workflows, enabling them to apply AI effectively across academic and professional tasks. The workshops emphasized productivity, innovation, and practical implementation, while also providing insights into career pathways in AI and related fields. Overall, the series helped participants build a strong foundation in AI, enhancing their technical skills, critical thinking, and ability to leverage AI responsibly in real-world scenarios.
