BRIEF INFORMATION ABOUT THE ACTIVITY

TOPIC/SUBJECT OF THE ACTIVITY	One-day Workshop titled “The Final Frontier: Navigating the Fourth Year Under UGCF 2022”
OBJECTIVES	The workshop was designed to empower students to make informed academic choices for the Fourth year under UGCF-2022 scheme, aligned with their interests, strengths, and career aspirations.

METHODOLOGY	The program had two online live sessions starting from 11:00 a.m. It included detailed presentations on the structure and academic expectations of the 4th year curriculum in all UG Hons and Prog courses. This was followed by extensive Q&A sessions with the experts to offer first-hand insights. Recordings were shared with the participants and relevant FAQs were also documented and the material was also shared with the students for future reference.
INVITED SPEAKERS WITH AFFLIATION DETAILS (IF ANY)	1. Prof. K. Ratnabali, Dean, Academic Affairs, University of Delhi 2. Prof. Radhey Shyam Sharma, Department of Environment Sciences, University of Delhi
OUTCOMES	● The orientation program was helpful in providing an understanding about the fourth year ● Detailed presentations by experts on the structure and academic expectations of the 4th year curriculum provided clarity to students in order to make informed career choices ● Interaction with experts was very beneficial for students ● Individual queries of students as well as faculty members were handled by experts

REPORT

Sri Venkateswara College, organized a one-day workshop titled “*The Final Frontier: Navigating the Fourth Year Under UGCF 2022*” on May 11, 2025. The workshop was organized under the aegis of the college’s Internal Quality Assurance Cell (IQAC) and was aimed at orienting undergraduate students towards the structure, expectations, and opportunities of the fourth year as envisioned in the Undergraduate Curriculum Framework (UGCF) 2022, a major academic reform introduced in alignment with the National Education Policy (NEP) 2020. The session served as an informative and preparatory platform for final-year students, helping them navigate the academic and professional implications of opting for the fourth year under the new structure. The workshop was inaugurated by ceremonial digital lamp-lighting, followed by opening remarks by Prof. Sharda Pasricha.

Under the leadership of Prof. V. Ravi, the Principal event’s patron, the IQAC successfully brought together faculty, students, and academic administrators in a dialogue that emphasized clarity, guidance, and collaboration. Prof. V. Ravi gave valuable insights to our students. The webinar was presided over by distinguished academic figures, whose insights framed the day's discussions. **Prof. K. Ratnabali, Dean of Academic Affairs** at the University of Delhi, delivered the keynote address, offering a comprehensive perspective on how the UGCF 2022 is transforming undergraduate education. She highlighted the significance of the fourth year as a culmination of undergraduate studies, aligning it with international standards and enabling students to pursue research-intensive, multidisciplinary, and skill-oriented learning. **Prof. Radhey Shyam Sharma from the Department of Environmental Sciences**, University of Delhi, added further depth to the discussions, as he shared perspectives on how specific disciplines could evolve under the new framework and the kind of academic rigor expected from students in their final year.

The conveners of the event, Prof. Sharda Pasricha and Dr. Deepti Jain, alongside the coordinating team comprising Dr. Vinita Kapoor, Ms. Rajbir Kaur, Dr. Rekha Yadav, and Dr.

Lakshay Malhotra, worked meticulously to structure the event to address student concerns and create an open forum for discussion. The workshop was conducted virtually via Zoom, making it accessible to a broader group of students and faculty. Attendees were given insights into the academic, curricular, and career-oriented dimensions of the fourth year under UGCF 2022. The final year, as elaborated during the workshop, allows students to choose from various pathways—be it research-based projects, internships, or advanced coursework—that align with their academic and professional goals. The speakers emphasized that the fourth year is not merely an extension of the three-year degree but a transformative opportunity to build depth in one's chosen discipline, enhance employability, or prepare for higher studies both in India and abroad.

Students were encouraged to engage critically with the new curriculum and were provided with practical strategies for course selection, time management, and aligning their academic journey with future aspirations. The session also addressed queries related to credit transfers, eligibility for postgraduate programs, and the international equivalence of the four-year degree. Importantly, the workshop underscored the NEP's vision of a more flexible, student-centered education system and how institutions like Sri Venkateswara College are actively implementing it to benefit learners.

In all, the workshop was a timely and impactful initiative that played a crucial role in demystifying the UGCF 2022 for students entering their final year. It reflected the college's commitment to academic excellence, transparency, and student support, providing clarity and confidence to the participants about navigating this critical phase of their undergraduate education.

PERMISSION LETTER

Tirumala Tirupati Devasthanams
శ్రీ వేంకటేశ్వర కళాశాల
