REPUBLIC DAY WEBINAR WITH VIVEK ATRAY

On the occasion of Republic Day 2021, NSS SVC had organized a webinar on 'Nation Building' which was aimed at inspiring and reminding everyone of their responsibility towards the nation. Mr Vivek Atray, an ex IAS officer, was our guest speaker. He urged all of us to ponder over the importance of making the right choices in life at the right time. His aim was to inspire and encourage the youth and help them deal with the social media pressure. He advised the participants that it's not necessary that everything in life will go smoothly and problem free but you can definitely ask God to give you the power and strength to face those difficulties.

ADD ON COURSE ON INTELLECTUAL PROPERTY RIGHTS

The importance of IPR can not be overlooked in the present world. Intellectual Property is the creation by a human mind, through its intellect, whereas Intellectual Property Rights are the protection granted to such creations by way of law. Highly interactive sessions were held between the students and the experts, Mr. Hari Subramaniam and Ms. Dahlia Sen Oberoi, over twelve weeks. Students gained a lot of information about IPR and benefitted from the innumerable case studies that were discussed in these classes. This was beneficial for the young learners as they could appreciate that it was important to protect their own creative ideas and also not to indulge in plagiarism.

Link : http://www.svc.ac.in/SVC_MAIN/AddonCourses/Addon.php

ADD ON COURSE ON INTELLECTUAL PROPERTY RIGHTS

Sri Venkateswara College is known for its high standard of education and academic rigour. There is however, always a scope for adding to the existing system of imparting knowledge. An excellent way of moving a step ahead in this direction has been the introduction of Add-on Courses. The first add-on course on IPR was introduced in January, 2017. Over the next few years, the course has been offered on the following dates.

- I. 7th January-25th March, 2017
- II. 13th January-14th April, 2018
- III. 12th January-13th April, 2019
- IV. 18th January – 31st July 2020

OUTREACH PROGRAMS

As Educators, we often notice and realise that at all levels of formal education, many students are not influenced or impressed with academics in general and particularly with science and maths, as much as we would like them to be. School education is often perceived as a complex composition of theories which are not only tedious but burdensome as well. In our classrooms and laboratories, for popularisation, it is imperative that we create more meaningful exercises which would excite them not just to enjoy learning, but do so without any trepidation. For this, we could simply use observed natural phenomena as a way to explore and understand the universal concepts of both natural and social science. Also, every

day events may be used as a way of bringing these sciences to life. Showing students how academic concepts connect to things that they are passionate about allows them to gain confidence and develop enthusiasm for the subject. It also challenges them to move beyond the traditional expectations of classwork and to become more open-minded and help them think creatively.

It is the need of the hour to create awareness among school children as their young minds are highly receptive. School children, particularly in the secondary and senior secondary stages are the best targets for sensitization programs as their mind is highly amenable and open. Once scientific and academic consciousness is created in their minds, half the battle is won as they would grow into sensitive adults who would be more responsible and empathetic towards the societal needs.

It is a well-known fact that understanding and empathy towards knowledge is the answer to almost everything in the universe. Curiosity is the key for learning and practicing any natural, applied, computational or social science. Young children are natural learners: they ask questions, pick-up sticks and bugs outside, and are curious about the world around them. However, school textbooks have many theories, which are difficult for some students to understand. Judging from the physiological experience, it is uninspiring and unstimulating for a student to study many topics and difficult to know its value without interest.

The primary aim of our outreach events are to bridge a longstanding divide between academics and research/ technology. While both forms share organizational approaches in practice, they have remained distinct in career choices. The current education system supports 'rote' learning and restricts freedom at early education stages which leaves less scope for innovation due to lack of creativity. Thus, our event formats are designed to engage the students of secondary, higher secondary levels to develop a vision through experimental learning activities for applying academic concepts to research and technology.

Moreover, the involvement of different streams where prime focus was on experiential learning through hands-on approaches in the fields of both natural, applied, computational and social sciences allow the students to develop an awareness of the interdependence among the disciplines. These interdisciplinary events would allow the students to focus on higher-level learning/ thinking, critical analysis and decision making, which further would encourage students to set their future goals. Also, seeing immediate application of their learning in day-to-day life would motivate the students and facilitate their connection with the environment and the society. The experiments and lectures would provide them greater control of their reasoning-learning, hands-on, analysis skill set. This teaching approach integrates the academic objectives and methods/experiments/ research from more than one discipline and enables the students to develop an interdisciplinary aptitude.

"So powerful is the light of unity that it can illuminate the whole Earth."

Revering these enriching words, NSS-SVC celebrated Unity Day on 31 October, 2019 to commemorate the birth anniversary of Sardar Vallabhbhai Patel, the visionary who united the country. Our itinerary of programmes began with a Run for Unity early morning in the college grounds. The NSS family was joined by spirited students who lent their support to our initiative

Martyr's Day | 30th January 2020

Activity Report link:

http://www.svc.ac.in/SVC_MAIN/NSS/NSS_Activity_Reports/2019-20/Martyr's%20Day.pdf

A talk session graced by the presence of Major General Vikram Dev Dogra, held on 30th January, 2020, witnessed a great gathering. The speaker narrated his journey to attaining the title of "Ironman- Ironman Triathlon", series of long-distance triathlon races organized by the World Triathlon Corporation (WTC), consisting of a 2.4-mile (3.86 km) swim, a 112-mile (180.25 km) bicycle ride and a marathon 26.22-mile (42.20 km) run.

He taught the students, the art of turning dreams into reality with conviction and perseverance. At the end of the session, queries of students' were precisely answered. The event was a huge success as it was found relatable and inspirational to the students' current state of life.

Legal rights

- WDC had group discussions every week on issues like Abortion rights, Marital Rapes, Need for safe sex practises etc. Reports for same were made every week.
- WDC organised the #AbSamjhautaNahin Know your Rights session by Josh talk in association with Vivel, a legal awareness workshop. Every participant was provided with a josh talk certificate. It was organised in the seminar hall on the 31st of January to tell women all across the college that it is important for them to know their worth and right, it was a successful event.

BOOK BANK / PROJECT PUSTAK

PUSTAK (book bank) is an initiative to help ease the access of books for creating a 'bank' of books. We aim to collect used study material for who require them. For donating book :
Mail- bookbanksvc@gmail.com
#bookbanksvc #nssvc

PUSTAK

Pustak: Book Bank is an initiative taken by NSS-SVC which helps to bring a change in the society by providing means of education to the students, especially to the underprivileged. It aims at maintaining a free resource library for anyone who's in need. Giving someone books is like giving someone hope.

Even in these testing COVID times, we prepared notes ourselves and collected other study material in the form of PDFs for Standards 9th to 12th and made it available on our official NSS website.

We also tapped various NGOs and organizations and collected stationary kits for distribution in Sanjay Camp. Pustak had also collaborated with Each one Teach one, where many students were surveyed to know about their problems in these trying times and collect the information regarding the books they needed.

The main work of Pustak is to collect books, notes, previous year question papers by creating a bank of books and to provide all these educational resources and study materials to our juniors in college and to the students of Sanjay Camp. We also engage in campaigning in the college regarding book collection and creating awareness about it amongst the students. We also organise book collection drives at the beginning of the semesters and during 'Jaagriti' (our annual fest), and at other times of the year as well.

Messages from the MEMBERS

Project Pahal has been an epitome of knowledge for me. Needless to say, lockdown closed many opportunities for us but this project managed to bless me with tons of opportunities to scale up my growth. If I'd sum it up in two words, it's simply stimulating and magnificent.
-Manish, Project Pahal

My experience in the research and content team of NSS has been phenomenal. Here, I don't just get to do my favourite thing which is writing but I also get to share my thoughts with so many people who love to write as much as me. The leaders are extremely kind and helpful. In all, I have had an amazing experience in this team.
-Gurleen, Research & Content Team

Pahal, as a project, has been amazing for me so far. From searching for different NSS Units for 'Pan India Sanitation Report', to being one of the heads for Hunkara event, then to now being in Ahaan distribution drive by contacting NGOs, it has been quite a refreshing experience so far, and hoping for the same in future too.
-Kritik, Project Pahal

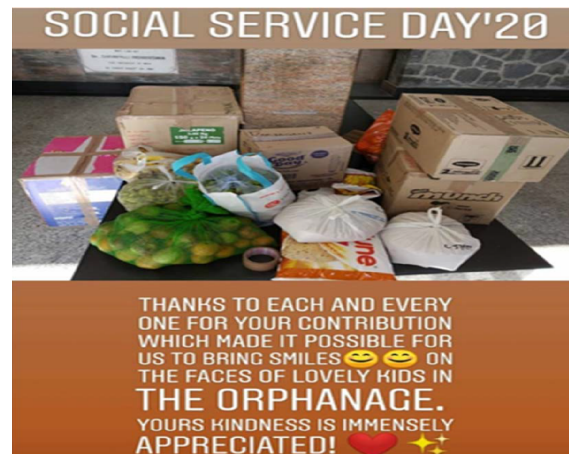

Working in project pahal is one of my best experiences in NSS SVC till now. It made me explore different prospects of Leadership. From Being an event head in Hunkara and Ahaan noor e-zindagi to being a part of voice of unheard initiative pahal has been a stupendous part of this project and looking forward to having an amazing time ahead.
-Chahat, Project Pahal

I have been a part of the Photography and Videography team since a year now and I must say I have learned a lot of new things. Our team heads helped us to learn to use various video editing apps such as iMovie, Mojo, Inshot and many others. Overall it was a lovely experience with the team and such wonderful team heads.
-Komal Agarwal, Photography and Videography team

Social service day

On the occasion of Mahatma Gandhi's 70th Death Anniversary, Mathematics Association- Trisectrix organized the first ever Social Service day. Students from all the three years along with the two teachers visited the orphanages – Bachon Ka Ghar, Mother Teresa's home and Bal sewa. The students collected old clothes and food materials by setting up a collection desk in the college foyer. They then donated all the collected material to children in special homes. Since then it has become an annual event.

Heritage Walk:

Recognising the importance of the rich and varied culture that we as proud Indians inherit, NSS SVC organised a “Heritage Walk cum Survey” in Safdarjung Tomb and Lodhi Garden on 27th January, 2020. One of the last reflections of Mughal architectural style, Safdarjung Tomb is surrounded by an ambience of calmness. This walk was undertaken so that the students get familiar with the profound power that our heritage beholds. In conscience with the same, a heritage survey in combination with some youth engaging activities were also organised.

Workshop on climate change

A workshop on climate change on 18th September, 2019 was conducted by NSS SVC. The speaker Mr. Shankar, founder of Vrikshit Foundation. Vrikshit Foundation has been working for the betterment of the environment in several diverse areas.

Mr. Shankar made the students aware of several problems related to climate change. He made them realise how a lot of our small steps are a cause of this disaster. He then also enlightened the students about various ways in which they can do their part in saving the environment.

It was a very enlightening experience for all the students and transformed them into aware eco-citizens

Women entrepreneurship

Ahaan Noor-e-Zindagi_ to promote women entrepreneurship

Activity report link:

[http://www.svc.ac.in/SVC_MAIN/NSS/NSS_Activity_Reports/2019-20/Ahaan%20Noor-E%20Zindagi%20\(Women%20Entrepreneurship\).pdf](http://www.svc.ac.in/SVC_MAIN/NSS/NSS_Activity_Reports/2019-20/Ahaan%20Noor-E%20Zindagi%20(Women%20Entrepreneurship).pdf)

The *NSS unit of Sri Venkateswara College* organised a fun-filled pre-diwali event _Ahaan Noor-e-Zindagi_ to promote women entrepreneurship on 24th October, 2019. The basic idea was to encourage women startups and to highlight the importance of women in the society. The event witnessed a huge footfall with a large number of visitors coming from various DU colleges. To attract the students, a number of stalls were put up like the Games stall, Diya stall, Home Decor stall by a women from Sanjay Camp(our adopted slum), Beauty Corner, Stationery & Doodles stall, the Meraki girl and the Scrunchies stall. A mehndi stall by Neetu aunty was set up which saw a huge rush.

Apart from this, *Face painting* (Nari Tu Narayani) and *Rangoli making competitions* were also held on women centric themes. Later in the day, various performances like poetry,

beat-boxing, stand-up comedy, singing, classical dance fusion, indian dance, etc. were organised which enthralled the audience and lit up the stage.

The NSS nukkad natak team, *UNMUKT*, presented a short skit on 'women harassment' theme. It shook the audience and quiet expressly showed the harsh reality with respect to women affairs in India. In the end, the reaction of the audience and the successful completion of all events made it a huge success and one to savour for a long time.

On-line Webinar on Dr B.R. Ambedkar's Role in Nation Building: Social and Political Interventions

The event was organised as part of “Azaadi ka Amrut Mahotsav” 2021

- 1.To acquaint the students with the role played by Dr B.R. Ambedkar towards nation building and the social and political interventions effected by him.
2. To highlight the dismal conditions in which specific communities existed owing to the caste structure of India and what measures were taken by Ambedkar to uplift them.

The following objectives were achieved

1. Speaker was able to demonstrate the fact that untouchability is a blot on India's culture and tradition. It manifests itself in different forms even today.
2. Students learn through the life history of Ambedkar how important political and social justice is in order to achieve an egalitarian society with 'equality for all' as its motto.
3. Students understood that nation building is not an easy process. A diverse society like India needs an equally broad political and social approach to ensure inclusivity for all. "Sabka Saath, Sabka Vikaas".

Swachh Bharat Abhiyan-Oct 2018

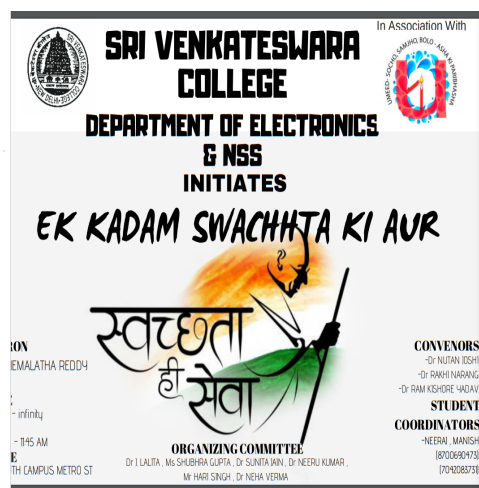

A nation is proud when its youth is aware and dedicated. A similar proud moment was cited by the Department of Electronics of Sri Venkateswara college, Delhi University in association with NSS wing and Umeed NGO. They organised an activity to promote 'Swachh Bharat Abhiyan' which is an initiative by the honourable Prime Minister of India, Sri Narendra Modi .

On this occasion, various students and teachers of the college participated to promote 'plastic free campaign'. All participants took an oath to make the campus clean and plastic free. Not only the campus but also the area outside the college campus including the nearest

metro station 'Durgabai Deshmukh South Campus' was cleaned. This activity was also dedicated to Mahatma Gandhi, the father of nation, in honour of his birth anniversary as a tribute to his contribution for the nation's freedom struggle.

On this occasion, various students and teachers of the college participated to promote 'plastic free campaign'. All participants took an oath to make the campus clean and plastic free. Not only the campus but also the area outside the college campus including the nearest metro station 'Durgabai Deshmukh South Campus' was cleaned. This activity was also dedicated to Mahatma Gandhi, the father of nation, in honour of his birth anniversary as a tribute to his contribution for the nation's freedom struggle.

The event started by some motivating and encouraging words of Dr P Hemlatha Reddy, Principal of Sri Venkateswara college towards making the campus plastic free. Dr. Nutan Joshi, HOD, Department of electronics and Dr. Ram Kishore, HOD, NSS addressed the students regarding the importance of cleanliness and sanitation. All the students took active participation and were guided by student coordinators Manish Joshi and Neeraj Nainwal. They were divided in groups with each group given specific areas to clean. The drive was an overall success with the aim of promoting awareness of cleanliness among students

DISTRIBUTION DRIVE: 27 JUNE, 2021

The outbreak of COVID-19 in 2019 and its subsequent waves created havoc in everyone's life, let alone daily wage workers. According to Statista, people between the ages of 15 and 39 were most impacted by the coronavirus lockdown in India between April and July 2020, in terms of job loss. Those between 25 and 29 years old alone accounted for about 46 percent of all job losses. The situation is getting worse with every approaching wave and coronavirus mutant.

To get first-hand knowledge about the situation in our adopted slum, Sanjay Camp, volunteers from **Project Poshan** along with project **Pahal** conducted a telephonic survey. Around 200 families were surveyed and questioned regarding their source of income and food supply at the slum. As it was found out, most of them were out of work and were facing an irregular supply of food. Some families even lost their working family members and were making the ends meet with their savings.

PAHAL

Project Pahal aims to furnish solutions for social issues through survey research and raising the issues to the concerned authorities. We began with survey analysis reports on Sanjay Camp (our adopted slum) but during the lockdown, Pahal remodelled its scope.

Two meticulous reports were published, one assessing student's perspectives on the achievements and areas needing improvement in the diaspora of **'Online Education'** while the other on **'Body Shaming'** underlining the socio-psych impact of body shaming.

'HUNKARA: The Roar of Silence' Event was organised to involve teenagers across borders on World Mental Health Day under which we have 2 sub-projects:

#VoiceOfUnheard—acting as a voice amplifying platform for the needy, **'AVSAR Project'** under **#VOU**—Collecting unemployment data of Sanjay camp residents to help them secure jobs.

Pan India Sanitation Report—We aim to compile a comprehensive report of sanitation circumstances in areas facing the twin perplexities of Urbanization and Poverty.

©NSS, Sri Venkateswara College, 2020-21

18

POSHAN

The project was nascent when the COVID-19 pandemic broke. Since the primary idea was collection and distribution of waste food from restaurants, a major setback was faced due to impeded ground work

For overcoming hindrances during the lockdown, about eight food distribution drives that helped over 1000 underprivileged families, were conducted under **'Mission Raksha'** in collaboration with different NGOs. Telephonic surveys were conducted to gather data about pregnant women and children of 0-3 years age group of Sanjay Camp following which families in Sanjay Camp were sensitized regarding basic hygiene, nutritional requirements, health services available, and guided those in need to approach their nearby dispensaries. We launched an online campaign on World Food Day to spread awareness about the plight of farmers and the significant value of nutrition.

Currently, children in Sanjay Camp are being sensitized about **'Breaking Gender Stereotypes and First Aid'**

Commencement of an online campaign for animal welfare and of collecting waste food from restaurants and distributing it to those in need are in process.

NSS SVC promoted JANTA CURFEW

NATIONAL SERVICE SCHEME
 Sri Venkateswara College

"HUM SWASTH. JAG SWASTH"

"Hum Swasth, Jag Swasth" an idea professing how precaution begins at home. Reinstating a belief in compassion, he appealed to the Privileged community to take care of the Have-Nots. Citizens have also been urged to stay away from Panic Buying and assured that the government will ensure ample supply of essential amenities. Returning to the the note on which he began, the PM asked each and every Indian to stand with him in solidarity to continue on the path of peaceful progress.

NATIONAL SERVICE SCHEME
 Sri Venkateswara College

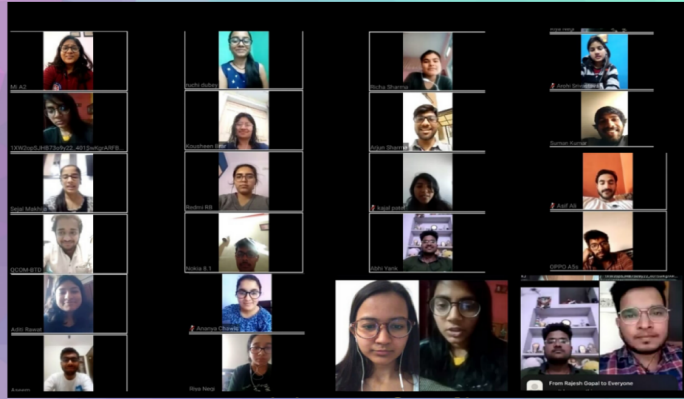

जनताCURFEW

जनCURFEW- a self-imposed curfew on 22nd March, 2020- for the people, of the people and by the people- this comes as the prime responsibility of us as citizens in the strategy carved out by our Prime Minister. Addressing the nation today, the PM reminded how the world is facing a grave humanitarian crises, a situation more disastrous than even the First World War. In times like these when so many nations are seeking to battle the COVID 19 pandemic, all 150 million Indians must realize the severity of the crises. He urged all countrymen to commit to Restraint and Resolve to keep not just themselves but also others around them safe, secure and sound.

either against COVID19 | Stay Home Stay Safe | Together against COVID19 | Stay Home Stay Safe | Together against COVID19

Virtual Pledge

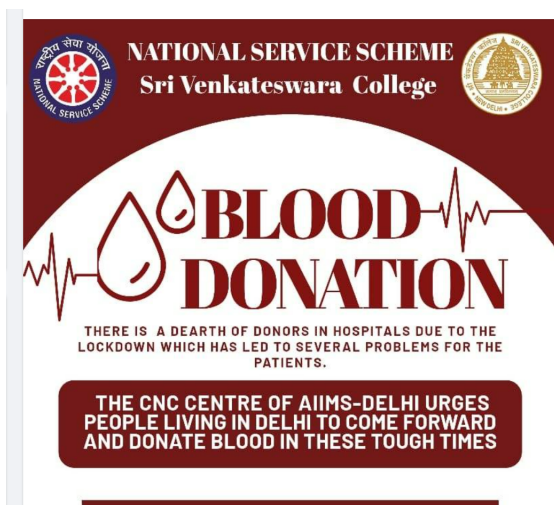

**VIRTUAL
PLEDGE to
follow JANTA
CURFEW was
taken up where
nearly 50
volunteers of
NSS SVC turned
up along with
few students.**

Blood Donation camp

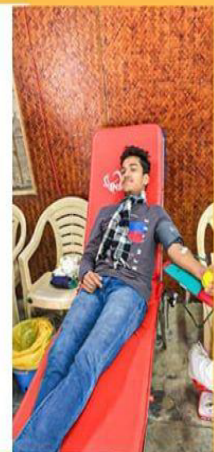

Activity report link:

BLOOD DONATION CAMP

A blood donation camp was organized in collaboration with AIIMS Delhi, on 24th January, 2020. There were 40 Volunteers to help out the students, registering themselves. There were guidelines, specifying the requirements to be fulfilled before donating blood. Many students eagerly waited for their turn and participated enthusiastically. The donors were provided with snacks to help them restore their energy and rewarded with T-shirts for encouraging more such willing people for the kind cause. It turned out to be a huge success.

Free health camp

T3: TEST, TREAT and TALK On the occasion of "NSS day" on 26th September, NSS-SVC with Health Ministry, Government of Delhi organised a 'Free Health Camp' and a Seminar on ANEMIA for Faculty, Staff and Students of college
