BRIEF INFORMATION ABOUT THE ACTIVITY

TOPIC/SUBJECT OF THE ACTIVITY	Freshers'25
OBJECTIVES	The primary objective of Freshers' 2025 was to warmly welcome the newly admitted undergraduate students of the 2025–28 batch to the Department of Mathematics and facilitate their smooth integration into the departmental community. The event aimed to: • Help freshers feel comfortable, welcomed, and included in the departmental environment. • Foster early interaction and meaningful bonding among junior students, senior students, and faculty members. • Introduce the newly admitted students to the culture, values, traditions, and academic spirit of the department. • Encourage confidence, active participation, creativity, and self-expression among first-year students.

METHODOLOGY	The Freshers' 2025 event was structured to create an engaging, welcoming, and inclusive atmosphere for the newly admitted students. The programme included: • A well-planned anchoring and hosting sequence conducted by senior students. • Interactive ice-breaking activities designed to reduce hesitation and encourage communication and interaction among students. • Group-based fun activities and tasks that promoted teamwork, participation, and a sense of camaraderie. • Cultural performances by senior students to create a lively, vibrant, and inclusive atmosphere. • Informal interaction sessions that provided freshers with opportunities to connect with senior students and faculty members. The overall programme flow ensured continuous engagement and active participation while maintaining a friendly, supportive, and welcoming environment for the newly admitted students.
INVITED SPEAKERS WITH AFFILIATION DETAILS (IF ANY)	
OUTCOMES	The Freshers' 2025 event achieved its intended objectives and contributed to creating a welcoming and positive beginning for the newly admitted students. The key outcomes were: • Freshers felt welcomed, motivated, and more confident in their new academic environment. • Strengthened interaction and bonding among students across different batches of the department. • Created a positive first impression of the department's academic culture, values, and student life. • Enhanced the organizational, leadership, communication, and teamwork skills of the student coordinators. • Facilitated the successful induction and integration of the 2025–28 batch into the Department of Mathematics.
