BRIEF INFORMATION ABOUT THE ACTIVITY

TOPIC/SUBJECT OF THE ACTIVITY	**Release of "Accrescent", The Annual Magazine (8th Edition) cum Valedictory Lecture.**
OBJECTIVES	**The event aimed to mark the release of the 8th edition of the Department of Botany's annual magazine "Accrescent" and to promote awareness about sustainable solutions to environmental pollution. It also sought to provide students with academic exposure to the role of bioremediation technologies in environmental management and to encourage interaction with experts working in the field of environmental science.**
METHODOLOGY	**The programme was organized by the Department of Botany, Sri Venkateswara College. It began with the formal release of the annual magazine Accrescent, followed by a valedictory lecture delivered by Prof. Shakeel A. Khan, Principal Scientist at ICAR–IARI, New Delhi. The lecture focused on the concept and applications of bioremediation in addressing environmental pollution, followed by an interactive session with students and faculty.**

INVITED SPEAKERS WITH AFFLIATION DETAILS (IF ANY)	**The valedictory lecture was delivered by Prof. Shakeel A. Khan, Principal Scientist at the Indian Agricultural Research Institute (IARI), under the Indian Council of Agricultural Research, New Delhi. In his lecture, he discussed the role and future prospects of bioremediation technologies in addressing environmental pollution in India, emphasizing the use of biological systems such as microorganisms and plants for the remediation of contaminated soil and water.**
OUTCOMES	**The event successfully facilitated the release of the magazine and provided valuable insights into the potential of bioremediation technologies for environmental management. It helped enhance students' understanding of practical environmental solutions and encouraged greater academic interest in sustainable and research-based approaches to addressing pollution.**

Activity Report

The Department of Botany, Sri Venkateswara College, organized the release of the 8th edition of its annual magazine Accrescent, followed by a valedictory lecture on 26 February 2026 in Room No. 158. The event witnessed the participation of faculty members, students, and invited guests, marking an important academic occasion for the department.

The programme commenced with the formal release of the departmental magazine Accrescent, which showcases student contributions, scientific articles, and highlights of the department's academic and co-curricular activities. The magazine reflects the intellectual engagement and creative expression of the students of the department.

This was followed by the valedictory lecture delivered by Shakeel A. Khan, Principal Scientist at the Indian Agricultural Research Institute (IARI), under the Indian Council of Agricultural Research. In his lecture on the topic "Role and Future Outlook of Bioremediation Technology in Addressing Environmental Pollution in India," he discussed the scientific basis and practical applications of bioremediation in managing environmental pollution. He highlighted how biological agents such as microorganisms and plants can be effectively utilized to restore polluted ecosystems in a sustainable manner.

The lecture also emphasized the growing importance of environmentally friendly technologies in addressing challenges related to soil and water contamination. The session provided students with valuable insights into current research trends and practical applications of environmental biotechnology.

The programme concluded with an interactive session in which students and faculty members engaged with the speaker through questions and discussions. The event proved to be informative and enriching, encouraging greater awareness and interest in sustainable environmental technologies among the participants.
